## Drawing disciplines together

## Introducing Professor Michael Scott

### Associate Editor for the Americas

Michael is an associate professor in the Department of Chemistry and the director for the Center for Catalysis at the University of Florida in Gainesville, Florida. He is a fellow of both the Alfred P. Sloan Foundation and the Royal Society of Chemistry. His research interests focus on the design of ligands and metal complexes for the selective recognition and sequestration of cations and anions and for biomimetic catalysis.

### Submit your work to *NJC*

Professor Scott seeks high quality submissions across modern inorganic and supramolecular chemistry. He will be pleased to receive enquiries and *NJC* submissions

Email: [njc@chem.ufl.edu](mailto:njc@chem.ufl.edu)

For further information on *NJC*, including how to submit your manuscript, see the journal homepage.

*New Journal of Chemistry* is a fantastic journal for the publication of significant research that will appeal to a wide general audience and I am proud to be a member of the editorial board. The science found in the journal is clearly at the cutting edge and I am continually impressed by the speed and professionalism of the RSC Publishing staff.
