

Drawing disciplines together

New Journal of Chemistry is the place to publish new and emerging work in the chemical sciences. Selecting only original and significant work of high quality, *NJC* publishes full papers, letters, opinions and perspectives embracing multidisciplinary work of broad general appeal. Owned and published by learned societies, the journal offers a multitude of benefits to both authors and readers, including fast times to publication.

**A new journal from RSC Publishing
launching in 2009**

Metallomics

Integrated biometal science

This timely new journal will cover the research fields related to metals in biological, environmental and clinical systems and is expected to be the core publication for the emerging metallomics community. The journal will be supported by an international Editorial Board, chaired by Professor Joseph A. Caruso of the University of Cincinnati/Agilent Technologies Metallomics Center of the Americas.

Metallomics will publish six issues in the first year, increasing to 12 issues in 2010. The journal will contain a full mix of research articles including Communications, Reviews, Full papers, and Editorials. From launch, the latest issue will be freely available online to all readers. Free institutional access to previous issues throughout 2009 and 2010 will be available following a simple registration process.
