Impact Factor
5.340

Chemical Science

Launching **mid 2010**

Impact Factor
17.419

A new journal for findings of **exceptional significance** across the chemical sciences

Dynamic

Editor-in-Chief Professor David MacMillan of Princeton, USA will lead a dynamic international team of Associate Editors who will drive the scientific development and make decisions on the content

Unique

A dedicated home for findings of exceptional significance from across ALL the chemical sciences. In a break with tradition, the journal will give authors the freedom and flexibility to publish more extensive accounts of their novel research without page restrictions

A leader

At the forefront of the most exciting developments in the chemical sciences, helping to define the important areas by publishing the most significant cutting-edge research

High impact

Building on the successes of related RSC flagship journals Chemical Communications and Chemical Society Reviews, both of which enjoy an international reputation for high quality content and speed of publication
