A new peer-reviewed journal publishing advances in polymer chemistry encompassing all aspects of synthetic and biological macromolecules, and related emerging areas.

The journal provides a showcase for the ongoing efforts driving polymer chemistry, highlighting the creativity of the field and previously inaccessible applications.

Professor David Haddleton, University of Warwick, is **Editor-in-Chief** of *Polymer Chemistry*.

Polymer Chemistry publishes monthly issues containing a full mix of research articles, including Communications, Reviews and Full Papers.

Work published in *Polymer Chemistry* benefits from wide exposure, with free online access to all content published during 2010 and 2011 giving maximum visibility to your research.
