

## Additions and Corrections

Volume 7, 2005

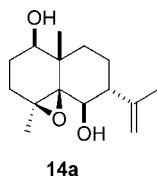

Wei-Dong Z. Li\* and Zhang-Hua Gao

A Novel Stereocontrolled Approach to Eudesmanolides:  
Total Synthesis of (±)-Gallicadiol and (±)-Isogallicadiol.

Page 2919, Scheme 3. The stereostructure of compound **23** is incorrectly assigned. The corrected stereostructure of compound **23** in Scheme 3 should read as follows:

Page 2920, column 1. The stereostructure of compound **14a** is incorrectly assigned. The corrected stereostructure of compound **14a** should read as follows:

These corrections should be applied also to pages S10 and S4 of the Supporting Information, respectively.

Volume 10, 2008

Kithsiri B. Herath, Chaowei Zhang, Hiranthi Jayasuriya, John G. Ondeyka, Deborah L. Zink, Bruce Burgess, Jun Wang, and Sheo B. Singh\*

Structure and Semisynthesis of Platensimide A, Produced by *Streptomyces platensis*.

Page 1700. The sign of the specific rotation of platensimide A (**5**) is opposite to that reported. The correct  $[\alpha]^{23}_D$  value is  $-29.2$  (c, 1.3, MeOH). We regret the typographical error.
