Qianqun Gu, and Dehai Li*

Isolation and Photoinduced Conversion of 6-*epi*-Stephacidins
from *Aspergillus taichungensis*

Page 2168, Abstract Graphic and Table of Contents graphic, “(–)-Versicolamide C (9)” should be “(+)-Versicolamide C (9)”.

Page 2169, ref 8, “[α]_D²⁵ 27.0” should be “[α]_D²⁵ +27.0”.

Page 2170, ref11, “[α]_D²⁵ 28.6” should be “[α]_D²⁵ +28.6”.

Page 2170, ref 12, “[α]_D²⁵ 97.8” should be “[α]_D²⁵ +97.8”.

Supporting Information, page S6. We omitted (+)- or (–)- for the specific optical rotation of the compounds.

The corrected specific optical rotations are as follows.

6-*epi*-Stephacidin A (5): [α]_D²⁵ +27.0. *N*-Hydroxy-6-*epi*-

stephacidin A (6): [α]_D²⁵ +28.6. 6-*epi*-Avrainvillamide (7):

[α]_D²⁵ +97.8. (+)-Versicolamide B (8): [α]_D²⁵ +5.8. (+)-

Versicolamide C (9): [α]_D²⁵ +8.5. 6-*epi*-Notoamide R (10):

[α]_D²⁵ +30.0. 6-*epi*-Notoamide F (11): [α]_D²⁵ +30.1.

Notoamide U (13): [α]_D²⁵ +54.1.

Supporting Information Available. A revised file containing the corrected optical rotations. This material is available free of charge via the Internet at <http://pubs.acs.org>.
