

## Additions and Corrections

Volume 15, 2013

**Anthony Pitaval, David Leboeuf, Julien Ceccon, and Antonio M. Echavarren\***

Access to the Protoilludane Core by Gold-Catalyzed Allene-vinylcyclopropane Cycloisomerization

Page 4582, Scheme 5, compound **22** was obtained from diol **19**. A corrected Scheme has been submitted. In addition, the legend of Figure 2 should read: X-ray structures of **20** (a) and **19** (b).

**Scheme 5.** Gold(I)-Catalyzed Cyclization of **Z-7**
