

Correction to Alder-Ene Reactions of Arynes

Rajdip Karmakar, Phani Mamidipalli, Sang Young Yun, and Daesung Lee*

Org. Lett. 2013, 15(8), 1938–1941. DOI:10.1021/ol4005905

P age 1940. The structures of 3m and 3n in entries 2 and 3 of Table 2 are inadvertently represented as indolines. Their correct structures should be the corresponding isoindolines. We thank a reader who brought this to our attention.
