

Announcement

12th International Symposium on Homogeneous Catalysis (ISHC 12)

August 27–September 1, 2000, Stockholm, Sweden

The International Symposia on Homogeneous Catalysis (ISHC) represent a major forum for promoting the chemistry of homogeneous catalysis. All interested persons are cordially invited to attend this symposium.

Keynote Lecturers: Pher Andersson (Sweden), Claudio Bianchini (Italy), Hans-Ulrich Blaser (Switzerland), Carsten Bolm (Germany), Mark Burk (U.K.), Robert Crabtree (USA), Gregory Fu (USA), Jean-Pierre Genêt (France), Tamio Hayashi (Japan), Paul Knochel (Germany), Shu Kobayashi (Japan), Piet van Leeuwen (The Netherlands), Bruce Lipshutz (USA), Ronny Neumann (Israel), Kyoko Nozaki (Japan), Iwao Ojima (USA), Andreas Pfaltz (Switzerland), Barry Sharpless (USA), Roger Sheldon (The Netherlands), Johannes de Vries (The Netherlands), Robert Waymouth (USA), Jonathan Williams (U.K.)
