Errata and Addenda

Betrifft: "Mindo/3-Berechnungen von Phosphororganischen Verbindungen. II. Ionisationspotentiale und Strukturdaten einfacher Phosphine". Vol. 4, pp. 309–316. In der o.g. Arbeit wurden irrtümlich die neuen Werte für A_{XY} und B_{XY} vertauscht. Der neue Wert für die Kernabstoßung α_{XY} beträgt 0.87000, der für das Resonanzintegral B_{XY} 0.5000. Die übrigen Ergebnisse sind davon nicht betroffen.

The date of receipt of the manuscript of K. H. Jogun, J. J. Stezowski, E. Fluck and J. Weidlein "Molecular Structure of P-substituted 1,3,5-Triaza-7-Phosphaadamantanes: Vibration Spectra and Crystal Structure Analyses" was August 2, 1977.

"Reactions Between Sulfur Dioxide and Phosphines," by S. Chan and H. Goldwhite, Volume 4, pp. 33–34, 1978.

References to prior work should have included a paper by E. Fluck and H. Binder, *Z. anorg. allg. Chem.*, **354**, 139–148 (1967). This paper greatly enlarges on the work reported in our Ref. 2, and anticipates much of the work reported in our paper on reactions involving compounds with PH bonds. I thank Professor E. Fluck for drawing his work to my attention.
