Volume 3, Supplement 1, 1975

CENTRAL NEURAL CONTROL OF EATING AND OBESITY

The proceedings of a US-Japan Joint Seminar supported by the National Science Foundation and the Japanese Society for the Promotion of Science which was held at the East West Center at the University of Hawaii in Honolulu on January 6 through 10, 1975 has been published. Contributions of participants are included. There are 180 pages with 129 figures and 28 tables. Copies can be purchased at \$8.50 for individuals and \$18.50 for institutions from: ANKHO International Inc., P.O. Box 65, Phoenix, NY, 13135, U.S.A.

CONTENTS

Introduction. WAYNER, M. J. and Y. OOMURA	1
Fiber connections in the hypothalamus and some autonomic functions. BAN, T.	3
Direct fiber connections between the frontal cortex and the hypothalamus in the rat: an electron microscope study. YAMAMOTO, T. and Y. SHIBATA	15
Excitatory and inhibitory effects of globus pallidus and substantia nigra on the lateral hypothalamic activity in the rat. OOMURA, Y., T. NAKAMURA and S. K. MANCHANDA	23
Excitatory control of hypothalamic ventromedial nucleus by basolateral amygdala in rats. ONO, T. and Y. OOMURA	37
Organization of some brainstem and limbic connections of the hypothalamus. SUTIN, J., R. L. MCBRIDE, R. H. THALMANN and E. L. VAN ATTA	49
Innervation of hypothalamic and limbic areas by the cholinergic, the GABA-ergic and the catecholaminergic nerve fibers: a quantitative analysis. KATAOKA, K., M. SORIMACHI, S. OKUNO and N. MIZUNO	61
Brain mechanisms in the control of feeding: a new neurochemical profile theory. MYERS, R. D. .	75
Effects of essential amino acids on central neurons. WAYNER, M. J., T. ONO, A. DEYOUNG and F. C. BARONE	85
Comparison of the effects of intracranial injections of 6-OHDA and guanethidine on consummatory behavior and monoamine depletion. SINGER, G., S. ARMSTRONG, B. EVANS and G. BURNSTOCK	91
Central metabolic and humoral factors involved in the neural regulation of feeding. PANKSEPP, J.	107
Lipid mobilizing hormones of the hypothalamus and pituitary. KASTIN, A. J., T. W. REDDING, R. HALL, G. M. BESSER and A. V. SCHALLY	121
Central factors in the control of insulin and glucagon secretion. PORTE, D., JR., S. C. WOODS, M. CHEN, P. H. SMITH and J. W. ENSINCK	127
Cholecystokinin: a putative satiety signal. SMITH, G. P. and J. GIBBS	135
Studies on the nervous regulatory mechanism of blood sugar levels. NIIJIMA, A.	139
Triglyceride metabolism in epididymal adipose tissue of obese animals. OKUDA, H.	145
Mechanism of actions of adrenaline and ACTH in fat mobilization. OKUDA, H.	149
Neurohormonal determinants of sex differences in the hypothalamic regulation of feeding behavior and body weight in the rat. NANCE, D. M. and R. A. GORSKI	155
Role of sensory factors in chewing and feeding behavior. KAWAMURA, Y.	163
