

Announcement

1st Brazilian Conference on Natural Products (1st BCNP)/XXVII Annual Meeting on Micromolecular Evolution, Systematics and Ecology (RESEM)

The 1st Brazilian Conference on Natural Products (1st BCNP) and XXVII Annual Meeting on Micromolecular Evolution, Systematics and Ecology (RESEM) will be held in Hotel Fazenda Fonte Colina Verde in the tourist area of São Pedro, São Paulo State – Brazil, from November 4 to 7, 2007.

This Symposium will be organized by the Natural Product (PN) Division of Brazilian Chemical Society (SBQ) at intervals of two years. The first one is a Tribute to Prof. Otto R. Gottlieb for his outstanding contributions to Natural Product.

The purpose of the 1st BCNP is to bring together renowned specialists, researchers and students from all over the world, and from all area of the Natural Products sciences, to meet, discuss, and exchange their views and experiences on topics related to “Recent Advances on Natural Products, covering all the latest and outstanding developments in area.”

The Plenary and Short Lectures have been arranged to foster studies on:

- Biodiversity & Natural Products.
- Biological and Pharmacological Activity of Natural Products.
- Manufacturing and Quality Control of Herbal Drugs and Essential Oils.
- Biosynthesis and Molecular Biology of Natural Products.
- Recent Advances on Isolation and Structure Elucidation of Secondary Metabolites.
