2009 Buyers' Guide

support group

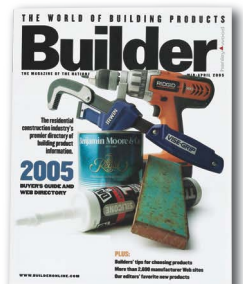

GE has over 1,000 qualified technicians to serve you, and when you put your trust in the brand with the nation's largest service network, you know you'll get what you need. Count on GE service technicians to have the expertise and parts necessary to get the job done.

For more information on GE appliances, please call 866.251.1753.

More builders were familiar with GE, and used GE, than any other brand.

A touch
beyond your
average faucet.

Pilar™ with Touch₂O™ Technology. Touch on. Touch off. Anywhere on the faucet's body or handle. When hands are messy during meal prep or cleanup, a touch of the forearm or wrist is all it takes to operate. Turning off the water between tasks is easier too, saving water. Making faucets easier to use—with just a touch. It's one of the many ideas that make Delta® more than just a faucet.

Elevating the beauty
and functionality
of America's homes.

*An Inclinator elevator can help sell your
home ... while building higher profits.*

Unique features help drive today's home sales, and a home elevator can give you a competitive advantage. More homebuyers are looking for the distinction an elevator adds to a home's interior, while allowing them to live comfortably in their homes longer.

From custom design options to performance features – plus our reputation for delivering the highest quality and most reliable product in the industry – Inclinator is the clear choice for enhancing today's American home.

Visit our website for more information on our Elevette® and Inclinator® LX lines.

WE SINCERELY APOLOGIZE.

When customers see our industry-leading range of best-in-class decking design choices, it can take a while for them to make a decision. And we can't help but feel at fault. Take the ultra low-maintenance line of Trex Escapes® — it's yet another option from our already long list of options. With soap and water clean up, unbeatable scratch, stain and impact resistance, and a rich, long lasting natural wood grain appearance, it's also another answer from our already long list of answers. And because more homeowners ask for Trex® than any other brand, we've got a question for you — you won't mind being a little busy for a long while, will you?

HOW OUTDOOR LIVING SHOULD FEEL.

THE HITS JUST KEEP COMING.

We simply cannot stop ourselves. We continue to lead the alternative-decking category we invented but that's never been enough — for our customers, or for us. From our Trex Hideaway® Hidden Fastener System, and popular tropical hardwood Trex Brasilia® boards, to our Trex Accents® Fire Defense® decking line that just took BuilderNews Magazine's 2008 Best Product Award, we continue to produce best-in-class products — again, and again, and again.

From up here, we see

tires that aren't afraid

of a hard day's work.

The new Goodyear **Wrangler® DuraTrac™** features TractiveGroove Technology™ for enhanced traction in deep mud and snow. Its unique biting edges at the base of the tread help provide another level of traction. Bottom line, the Wrangler DuraTrac is a hardworking, versatile tire that's ready to help you get the job done.

Argildéco brings earthy charm of Provincial France home

The beauty of an old-world French wall surface with an eco-friendly covering.

Mined from quarries in the French region of Drôme, Argildéco is an eco-friendly alternative to other wall coverings. Argildéco is an environmentally-safe, "green technology" product because it requires little energy and no chemical process to produce.

This decorative wall covering, made from clay and sand, gives a natural, comfortable feel. Because it absorbs humidity, it keeps rooms cool in the summer and warm in the winter. It freshens the air and is anti-allergenic.

Using natural pigments such as Sienna, Puisaye Ochre and Iron Oxides, Argildéco is available in authentic colors of sand, earth, brown earth, green, red, orange earth, yellow and green.

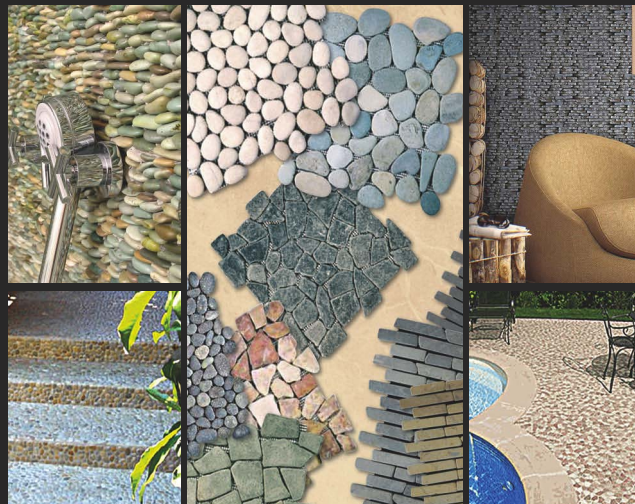

DEFI Products has developed a website exclusively for Argildéco offering complete information on the wall finish, including an instructional video and a sample kit offer.

Kodiak® Composite Decking from Deceuninck®

Designed for Comfort and Engineered for Strength

Available in Chestnut, Cedar, New England Grey and Teak, Kodiak composite decking features a natural, wood-grain finish with consistent color throughout, allowing you to cut, router and install it like wood. Our hidden fastener system enables quick installation, ensuring uniform spacing of the deck boards while eliminating unsightly screw heads. A Kodiak composite deck offers a warm, barefoot-friendly surface, free of dangerous nail pops or splinters.

Deceuninck has engineered Kodiak composite decking with performance in mind. One of the most eco-friendly composite decking materials on the market, our decking features 100% recycled pine wood fiber encapsulated in High Density Polyethylene. Rated excellent by *Consumer Reports* for its ability to retain its original color through weathering and cleaning, Kodiak composite decking also resists water, mold and insect damage and is backed by a 30-year warranty for your peace of mind.

The colors, comfort and durability homeowners want. The design flexibility and performance your projects demand. The solutions you need to build a better business—supported by a company with 70 years of industry experience and a commitment to better living.
