- 1) The correct received data of the above article should be “26 October 2005” rather than “26 December 2005”.
- 2) Figure 4 in the above article appeared incorrectly. The correct Figure 4 is shown below.

Figure 4. Streamlines (a) and vorticity (b) of flow field in the rotary tubular membrane separator with $Re_a = 203.9$, $Re_r = 2.745$ and $Ta = 6074$.

The publishers would like to apologize for this mistake.
