This article may be used for research, teaching and private study purposes. Any substantial or systematic reproduction, re-distribution, re-selling, loan or sub-licensing, systematic supply or distribution in any form to anyone is expressly forbidden.

The publisher does not give any warranty express or implied or make any representation that the contents will be complete or accurate or up to date. The accuracy of any instructions, formulae and drug doses should be independently verified with primary sources. The publisher shall not be liable for any loss, actions, claims, proceedings, demand or costs or damages whatsoever or howsoever caused arising directly or indirectly in connection with or arising out of the use of this material.

ERRATUM

An error has been found on page 867 of *Spectroscopy Letters*, Volume 25, Number 6, 1992, in the article entitled "A ^{13}C NMR Study of 3,5,5-Trimethyl-4-Oxoimidazolidine-2-Thione and 3,5,5-Trimethyl-Imidazolidine-2,4-Dithione Complexes with Molecular Diiodine," by F. Cristiani, F. A. Devillanova, A. Diaz, F. Isaia, and G. Verani.

The second sentence in the last paragraph that reads:

The plots of $(\delta - \delta^\circ_{\text{D}})[\text{D}]^\circ$ versus $[\text{DI}_2]$ for C(2), C(4) and C(5) are reported in Figure 1.

should be changed to:

The plots of δ versus $[\text{DI}_2]$ for C(2), C(4) and C(5) are reported in Figure 1.
