This article may be used for research, teaching and private study purposes. Any substantial or systematic reproduction, re-distribution, re-selling, loan or sub-licensing, systematic supply or distribution in any form to anyone is expressly forbidden.

The publisher does not give any warranty express or implied or make any representation that the contents will be complete or accurate or up to date. The accuracy of any instructions, formulae and drug doses should be independently verified with primary sources. The publisher shall not be liable for any loss, actions, claims, proceedings, demand or costs or damages whatsoever or howsoever caused arising directly or indirectly in connection with or arising out of the use of this material.

Erratum

“Colorimetric Determination of Crude Powdered Myrrh, Purified Myrrh Extract, Oily Fraction, and Its Different Pharmaceutical Dosage Forms,” by Mohamed H. Abdel-Hay, Amal Saleh, E. S. H. El Ashry, N. Rashed, and Osama Salama, *Spectroscopy Letters*, 35(2), pp. 183–197, 2002.

Upon further review of our article cited above, we realized that the absorption curve in Figure 1 must be replaced by the figure below.

Figure 1. Absorption curve for the colored product of 100 µg/mL purified myrrh with vanillin-sulfuric acid.
