

## Erratum

**Erratum to “An efficient one-pot synthesis of (+)-deoxypyridinoline” [Tetrahedron Letters 40 (1999) 8993] and “Bone collagen cross-links: an efficient one-pot synthesis of (+)-pyridinoline and (+)-deoxypyridinoline” [Tetrahedron: Asymmetry 11 (2000) 2289]<sup>†</sup>**

Maciej Adamczyk,\* Donald D. Johnson and Rajarathnam E. Reddy

The Editors and Publisher regret that there is an error in the wording of the corrigendum [Tetrahedron Letters 41 (2000) 8665 and Tetrahedron: Asymmetry 11 (2000) 3645] to the above papers. The correct wording is given below:

We wish to acknowledge that a one-pot protocol first described by Allevi, P., Longo, A. and Anastasia, M.

(“Total synthesis of deoxypyridinoline, a biochemical marker of collagen turnover”, *Chem. Commun.* **1999**, 559) for the preparation of 3-hydroxypyridinium compound **1**, was adopted for one-pot conversion of (*S*)-(-)-*tert*-butyl-6-bromo-[bis-(2-*tert*-butoxycarbonyl)-amino]-5-oxohexanoate to (+)-deoxypyridinoline (**2**) (*Tetrahedron Lett.* **1999**, 40, 8993), and (+)-pyridinoline (**3**) (*Tetrahedron: Asymmetry* **2000**, 11, 2289).
