The following reference was regrettably omitted from this paper:

Hodgson, D. M.; Petroliagi, M. *Tetrahedron: Asymmetry* **2001**, 12, 877–881.In this paper, the authors describe the tandem oxonium ylide formation and [2,3]-sigmatropic rearrangement from **1b** using Rh₂(*R*-DDBNP)₄ (up to 62% ee).

The authors apologize for this omission and thank Professor David M. Hodgson for calling our attention to this reference.
