

## Corrigendum

**Corrigendum to “Influence of *N*-substituted lactams on acyclic free radical based hydrogen transfer”**  
**[Tetrahedron Letters 42 (2001) 6041–6044]<sup>†</sup>**Yvan Guindon,<sup>a,b,\*</sup> Abdelmalik Slassi<sup>c</sup> and Mohammed Bencheqroun<sup>a</sup><sup>a</sup>*Institut de recherches cliniques de Montréal (IRCM), Bio-organic Chemistry Laboratory, 110, avenue des Pins Ouest, Montréal, Québec, Canada H2W 1R7*<sup>b</sup>*Department of Chemistry and Department of Pharmacology, Université de Montréal, C.P. 6128, succursale Centre-Ville, Montréal, Québec, Canada H3C 3J7*<sup>c</sup>*Boehringer Ingelheim (Canada) Ltd., Bio-Méga Research Division, 2100 rue Canard, Laval, Québec, Canada H7S 2G5*

Received 15 May 2001; accepted 5 July 2001

The authors regret the omission of a contributing author. The list of authors should, as indicated above, include Abdelmalik Slassi.

Our sincerest apologies are extended to Dr. Slassi for this oversight.
