Studies on the 1H-1-pyridine system. ARTHUR G. ANDERSON, JR. and HERMAN L. AMMON. *Tetrahedron* **23**, 3601 (1967).
p. 3608,

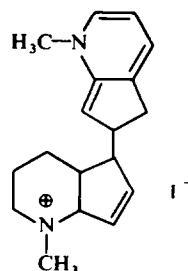

In equation (b) the structure just to the right of the arrow should be:

In equation (c) the structure to the right of the arrow should be:

In equation (d) the first structure (on the left) should be:

NMR-Studien an Chinonanilen. Der Einfluss parastandiger Substituenten in Phenylring auf die Thermische Isomerisierung. A. RIEKER und H. KESSLER. *Tetrahedron* **23**, 3723 (1967).

p. 3723, for ANTON REIKER read ANTON RIEKER

The addition of nitrosyl fluoride to fluoro-olefines. The reaction of mechanism B. L. DYATKIN, E. P. MOCHALINA, R. A. BEKKER, S. R. STERLIN and I. L. KNUNYANTS. *Tetrahedron*. **23**, 4291 (1967).

p. 4291, the opening sentence should read "the reaction of nitrosyl fluoride with fluoro-olefines was first investigated¹ using vinylidene fluoride . . ."

Iridoids—II. Lamioside from *Lamium amplexicaule*. M. L. SCARPATI and M. GUIZO *Tetrahedron* **23**, 4709 (1967).

p. 4709, The correct formula for XII and XIII is the following:
