

ERRATUM

J. BRANDT, C. JOCHUM, I. UGI and P. JOCHUM: Unlimited non-linear selectivity effects in systems of independent parallel reactions as a basis for new chemical separation techniques. *Tetrahedron* **33**, 1353–1363 [1977].

Line 6 of Abstract (p. 1353) should be replaced by text:

.....independent parallel reactions is a non-linear function of the respective relative rate constants and is not limited in a.....
