

## CORRIGENDUM

The Circular Dichroism, Crystal and Molecular Structure, and Absolute Configuration, of Dinaphtho[2,1-*c*, 1',2'-*e*]dithiin. REIKO KURODA and STEPHEN F. MASON, *Tetrahedron* **37**, 1995 (1981).

Due to an oversight at the printers, Figs. 1 and 2 were not included in the above paper. Captions to Figs. 1 and 2 were incorrectly associated with molecular structures **1** and **2-6**, respectively. The Joint Executive Editors regret the need for this Corrigendum. The figures and original captions are reproduced below:

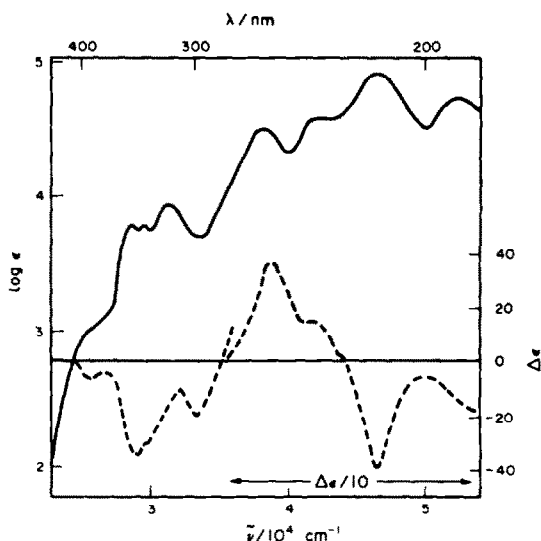

Fig. 1. The absorption (upper curve) and CD spectrum (lower curve) of (S)-(+)-1,1'-binaphthyl-2,2'-disulphide **1** in ethanol solution.

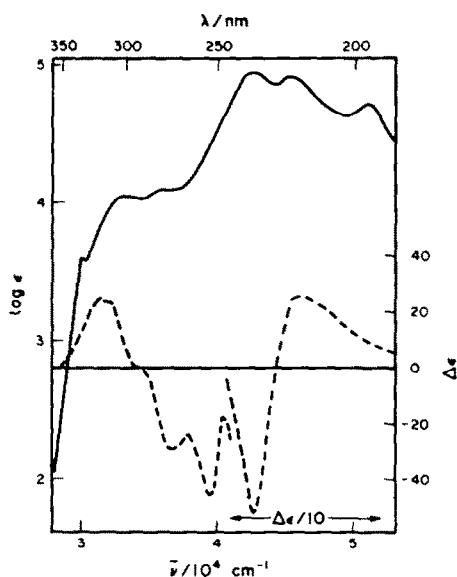

Fig. 2. The absorption (upper curve) and CD spectrum (lower curve) of (R)-(-)-4:4-dimethyldinaphtho [2,1-b,1',2',-d][1,3]dithiepine **2** in ethanol solution.
