The formula corresponding to 2 and 4 has the wrong configuration at C8. In 2 and 4 C8—H must be α and C8—OH must be β .

Structures 3r' and 3s' on p. 564 are incorrect and should be re-drawn as follows:

3r'

3s'

The names of 3r' and 3s' on p. 570 are incorrect and should read as follows: α -phenyl- α,β -dihydroxy- β -methylbutyrolactone and α -phenyl- α,β -dihydroxy- β,γ -dimethylbutyrolactone, respectively. Data on their structural assignments are correct.
