## GENERAL INFORMATION

### Aims and Scope

This journal is of very broad interest to the large technical community concerned with the development of an understanding of the phenomenon of adhesion and its practical applications. The art of adhesion is maturing into a science which requires a broad, coordinated interdisciplinary effort to provide an understanding of its complex nature and numerous manifestations. *The Journal of Adhesion* provides a forum for discussion of the basic and applied problems in adhesion. Papers are considered relevant if they contribute to the understanding of the response of systems of joined materials to mechanical or other disruptive influences. Experimental papers are required to incorporate theoretical background and theoretical papers must relate to practice.

Notes for contributors can be found at the back of the journal.

### ORDERING INFORMATION

Four issues per volume. Current Volume Block: 32-34

Orders may be placed with your usual supplier or directly with Gordon and Breach Science Publishers S.A., P.O. Box 90, Reading, Berkshire RG1 8JL, U.K. Journal subscriptions are sold on a volume basis only; single issues are not available separately. Claims for nonreceipt of issues should be made within three months of publication of the issue or they will not be honored without charge. Subscriptions are available for microform editors. Details will be furnished upon request.

Subscription Rates: Base list subscription price per volume: SFr 535.00. Available only to single users who subscribe directly from the Publisher and who pay by personal check or credit card.

Separate rates exist for different users such as academic and corporate institutions. These rates may also include photocopy licenses and postage and handling charges. Special discounts are also available to continuing subscribers through our Subscriber Incentive Plan (SIP).

For price information in your territory, please contact your local agent or one of the STBS Marketing Departments:

**LICENSE TO PHOTOCOPY.** This publication is registered for copyright in the United States of America and is protected under the Universal Copyright Convention and the Berne Convention. The Publisher is not a member of the Copyright Clearance Center, and has not entered into agreement with any other copyright payment centers in any part of the world. Accordingly, permission to photocopy beyond the 'fair use' provisions of the USA and most other copyright laws is available from the publisher by license only. Please note, however, that the license does not extend to other kinds of copying, such as copying for general distribution, for advertising or promotion purposes, for creating new collective works, or for resale. It is also expressly forbidden for any individual or company to copy any article as agent, either express or implied, of another individual or company. For licensing information, please write to P.O. Box 161, 1820 Montreux 2, Switzerland.

**REPRINTS OF INDIVIDUAL ARTICLES.** Copies of individual articles may be obtained from the Publisher's own document delivery service at the appropriate fees. Write to: Reprint Department, P.O. Box 786, Cooper Station, New York, NY 10276, USA or P.O. Box 90, Reading, Berkshire, RG1 8JK, U.K. Permission to reproduce and/or translate material contained in this journal must be obtained in writing from the Publisher. Please contact Rights and Permissions Officer, P.O. Box 161, 1820 Montreux 2, Switzerland.

## **PREPARATION OF CAMERA COPY (Communications Section)**

For rapid publication of papers, authors must prepare their papers exactly as specified in the notes below, and submit them in triplicate. The preferred maximum size of submitted papers is 6 pages in the prescribed form (approximately 2000 words with 2 figures/tables).

Manuscripts must be typed on good quality white bond paper ( $8\frac{1}{2} \times 11$ " or A4) using a black ribbon, and preferably using an electric typewriter. Use single spacing or  $1\frac{1}{2}$  line spacing. The finished paper must be ready for direct litho reproduction, and hence must be clean and as neat as possible; messy erasures and alterations will show up in the printing.

The typing area is 5 in. wide by  $8\frac{3}{8}$  in. deep. However, the width may be exceeded by 2 or 3 characters if necessary.

On first page, leave  $\frac{5}{8}$  in. space, then type the paper title all in capitals, indented 5 spaces from left. Leave  $\frac{1}{2}$  in. space then type author's name in capitals, indented 5 spaces. Author's affiliation follows on the next line, in upper and lower case, indented 5 spaces. The next line should read: Submitted for publication... (appropriate date). Leave  $\frac{5}{8}$  in. space then type abstract, all lines indented 5 spaces. Leave  $\frac{1}{2}$  in. space before the text begins.

Type text to full (5 in.) width. Main text headings should be typed in capitals, to the left. Leave extra space above and below headings. Second weight headings should be typed in upper and lower case, to the left. Indent all new paragraphs 5 spaces.

At the beginning of each page (except the first) type in capitals the author's name to the left on the left-hand (even-numbered) pages, and the paper title, to the right, on the right-hand (odd numbered) pages. Leave one line of white space before starting the text.

All equations and formulas should be typed in the appropriate place in the text. Where symbols cannot be typed, write them very neatly in black ink.

Type tables in the appropriate place in the text. Type TABLE 1, in capitals, then run on table title after 3 typewriter spaces. Add only three horizontal lines—at the top and bottom of each and one after column headings.

Figures should be reduced to the appropriate size, then pasted into the text. The figure captions should be typed as FIGURE 1, etc., then the caption run on after 3 typewriter spaces. Leave  $\frac{1}{2}$  in. space above the figures and also below the figure captions.

References should be indicated in the text by superior numbers. References must be listed at the end of the paper in numerical order. Author's initials should precede their names. Journal titles should be abbreviated according to *Chemical Abstracts* style and underlined. Also underline the volume number. Book titles should be spelled in full and underlined. Examples:

1. J. F. Nicholas, An Atlas of Models of Crystal Surfaces (Gordon and Breach, New York, 1965), p. 201.
2. R. Gledhill and A. Kinloch, J. Adhesion 6, 315 (1974).

Type footnotes on the appropriate page of the text. Precede footnotes by a short horizontal line (5 units long). Add 1 line space above footnotes.

Do not type page numbers. Number the pages in light blue pencil in the top right hand corners.

Camera-copy manuscripts should not be folded. Enclose between card-boards for posting.

A full version of these notes is available on request from the editors; sheets of paper printed with blue guidelines are also available.
