NOTES TO CONTRIBUTORS

The JOURNAL OF BIOCHEMISTRY publishes contributions written in English and submitted in the form of (1) Regular paper or (2) Rapid communication, covering materials requiring prompt publication.

The submission of a manuscript implies that the work has not been published previously, that it is not under consideration for publication elsewhere, and that if it is accepted for publication, the author(s) will transfer the copyright to the Japanese Biochemical Society.

Manuscripts should be succinct. No length limit is set for a Regular paper, whereas a Rapid communication must not exceed 3.5 printed pages. A charge of 700 yen is made for every printed page of a Regular paper and 7,200 yen per page for a Rapid communication.

The manuscript should be typewritten and double-spaced, and the pages must be appropriately numbered. The submission of four manuscript copies is requested. They should be sent to The Japanese Biochemical Society, Ishikawa Building-3f, 25-16, Hongo 5-chome, Bunkyo-ku, Tokyo 113-0033, Japan.

The JB-Online manuscript submission and reviewing system is now available. We strongly recommend you to use this system. It greatly reduces overhead time and the usual extensive manual procedures required by traditional reviewing and printing processes. Thus the prompt publication of your manuscript may be expected. For further details online: <http://jb.bcasj.or.jp>. *Notice:* Paper manuscripts may be submitted for a limited time.

The author(s) will receive 50 reprints free of charge. Additional copies may be purchased at cost in lots of 50 and the orders should be submitted with the returned proof.

When submitting manuscripts, authors are asked to select one of the following four categories and its topic under which the submission should be reviewed. Please indicate this selection on the title page of the manuscript. Authors may suggest names and addresses of persons suitable for reviewing their submitted works.
