zung, daß sich auch die restlichen Bände durch eine ebenso hohe Qualität auszeichnen, darf die Reihe "Fortpflanzungsbiologie der Säugetiere" für sich in Anspruch nehmen, einen entscheidenden Beitrag zum Schließen der eingangs erwähnten Lücke geleistet zu haben. K. Becker, Gatersleben

Announcements

Induced Mutations

A symposium on the use of induced mutations for improving disease resistance in crop plants will be convened in Vienna, Austria on January 21 to February 4, 1977 under the auspices of the Food and Agricultural Organization of the United Nations (FAO), and the International Atomic Energy Agency.

Additional information can be obtained from John H. Kane, Office of Public Affairs, US Energy Research and Development Administration. Washington, D.C. 20545, or from the Headquarter of the IAEA, Kärntner Ring, Vienna, Austria.

XIV. International Congress of Genetics

Moscow, August 21-30, 1978

The National Organizing Committee of the XIV International Congress of Genetics announced that the next Congress will be held in Moscow, USSR, August 21-30, 1978. The idea of the congress will be "Genetics and Human Welfare". Program of the Congress will consist of:

- A. Plenary Sessions and Symposia. The program will be announced later
- B. Sessions. The preliminary program of the sessions includes the following items.
- 1. Gene Fine Structure in Prokaryots
- 2. Gene Fine Structure in Eukaryots
- 3. Genic Regulation
- 4. Experimental Mutagenesis
- 5. Immunogenetics
- 6. Oncogenetics
- 7. Behavior Genetics
- 8. Plant Evolutionary and Population Genetics
- 9. Animal Evolutionary and Population Genetics
- 10. Plant Genetics and Breeding
- 11. Animal Genetics and Breeding
- 12. Genetics and Selection of Microorganisms
- 13. Viral Genetics
- 14. Anthropogenetics
- 15. Medical Genetics
- 16. Biochemical Genetics and Isozymes

- 17. Developmental Genetics
- 18. Plant Cytogenetics and Karyosystematics
- 19. Animal Cytogenetics and Karyosystematics
- 20. Human Cytogenetics
- 21. Chromosome Structure, Function and Evolution
- 22. Somatic Cell Genetics
- 23. Extrachromosomal Inheritance
- 24. Cytology and Genetics of Protozoa
- 25. Physiological Genetics of Plants
- 26. Mathematical Genetics
- 27. Gene Engineering
- 28. Polyploidy
- 29. Endocrinological Genetics
- 30. Interspecific and Intergenic Hybridization
- 31. Space Genetics
- 32. Genetics of Gametes
- 33. Genetic Control of Replication and Repair
- 34. Teaching of Genetics
- 35. Others

The working languages of the Congress are Russian and English, in which all the current information will be published. The abstracts are to be presented in either of them.

The registration fee will probably be about US \$ 50 for regular members. This includes participation in all kinds of sessions and receipt of all the materials and souvenirs of the Congress.

Hotel accommodation can be guaranteed for all the attendants. The attendants may arrange their trip through any agency trading with the "Intourist" in their own or any other country. The Holiday Tours and Post-Congress Excursions will be available for the attendants.

Requests for further information should be sent as soon as possible to the National Organizing Committee, 11 Fersman Street, p.4, 117312 Moscow, USSR.

D.K. Beliaev

Secretary General XIV ICG

N.P. Bochkov

Chairman, National Organizing Committee XIV ICG
