PREFACE

On my own behalf, and on behalf of the Association, I would like to thank Professor Douglas Gerber of the University of Western Ontario for his advice and assistance in the transition from one editor to another, the numerous scholars who have served as referees during the past year, and Dean Aaron Lemonick of Princeton University for a grant to help defray editorial costs for this volume.

The articles in this volume are not, as in the past, in alphabetical order by author; they are arranged by subject, in roughly chronological order.
