

ERRATUM TO "ON ENTROPY AND GENERATORS OF MEASURE-PRESERVING TRANSFORMATIONS"

BY
WOLFGANG KRIEGER

Lemma (4.2) of this paper that appeared in Trans. Amer. Math. Soc. **149** (1970), 453–464, was stated incorrectly. To obtain the correct statement replace $p(A_0) > p(A_1) + 2p(A_2)$ by $p(A_0) > 2p(A_1) + 2p(A_2)$. (Cf. [2]. The lemma follows from Zaslavskii's work by using the coding system 221, 211, and by leaving symbols other than 0, 1, 2 unchanged in the coding.) The lemma together with an argument of the kind as indicated on p. 463 does not yield Theorem (4.3). Only a weaker estimate can be obtained in this way. Theorem (4.3) is valid, however, as can be seen from [1].
