eUROtraining

Advanced courses in urology

eUROtraining is a private postgraduate educational school aimed at giving to practicing urologists the necessary theoretical and practical knowledge to attain the current European standard of treatment of the urological disease. Three full immersion, one week duration courses are scheduled for November 9–13, 1992 on *Penile Surgery and Laparoscopic Urologic Surgery*, February 1–5, 1993 on *The Treatment of BPH and Urethral Stenoses* and March 29–April 2, 1993 on *Female Urology and Urinary Incontinence*. The most renowned European and American experts in each field will be invited. The courses will be held in Loano, a beautiful Ligurian town in the vicinities of Genoa. For further information please contact: Prof. Giorgio Carmignani, Clinica Urologica Università, Ospedale Cattinara, Strada die Fiume 447, I-34149 Trieste, Italy, Fax (39)40/7764575
