Section I. INTRODUCTION

1. SCOPE

This publication provides an overprinted DA Form 2062 (Hand Receipt) which lists the contents of COEI, BII, and AAL items related to the HET Tractor.

2. GENERAL

a. Section II is the overprinted DA Form 2062 which lists the line item entry for System/End Item and the contents of COEI, BII, and AAL extracted from Operator's Manual for Truck, Tractor, M1070, 8 x 8, Heavy Equipment Transporter (HET), TM 9-2320-360-10. The listings consist of exactly the same items and are in the same sequence as those listings in TM 9-2320-360-10.

b. The overprinted DA Form 2062 will eliminate manual preparation of the form and will assist organizations in inventorying and accounting for property as required by DA Pam 710-2.

c. Local reproduction of the overprinted DA Form 2062 is authorized. However, organizations shall comply with local policies in the reproduction of DA Form 2062 by office copying equipment, field printing plant, or duplicating plant facilities.

d. Additional copies of this publication may be requisitioned from the US Army Adjutant General Publications Center, 1655 Woodson Road, St. Louis, MO 63114 in accordance with chapter 3, DA Pam 25-30.

3. EXPLANATION OF BLOCKS AND COLUMNS (DA FORM 2062)

Refer to DA Pam 710-2-1. Additional information required to complete DA Form 2062 is listed below:

a. Hand receipts shall identify the accounting requirement status of all item entries via the description column for each item: i.e., the first entry in the description column shall be the line item's Expendability (EXP)/Accounting Requirements Code (ARC), in parentheses, in front of the line item name. One of the following codes will apply:

- | | |
|------------------------|--|
| (N) for Nonexpendable: | Items not consumed in use, retaining their identity during use, and requiring that accountability be maintained throughout the life of the item. |
| (D) for Durable: | Nonconsumable components of sets, kits, outfits, and assemblages; all tools in FSCs 5110, 5120, 5130, 5133, 5136, 5140, 5180, 5210, 5220, and 5280; and any other nonconsumable with a price in excess of \$50.00 not already "N." |
| (X) for Expendable: | Items, regardless of type classification or price, which are consumed in use. Includes all class 9 repair parts. Items not consumed in use which cost \$50.00 or less and not already "N" or "D." |

b. Authorization documents are as follows:

- (1) COEI are authorized by the applicable Repair Parts and Special Tools List (RPSTL).
- (2) BII are authorized by the applicable operator's manual.
- (3) AAL items are authorized by appropriate MTOE, TDA, CTA, or JTA authorization documents.
