Mr. John Young

New York, New York 10024

Dear Mr. Young:

Reference is made to our letter of April 20, 2001 advising you that additional time was needed to review the records responsive to your Freedom of Information Act (FOIA) request for numerous dossiers contained on the list of INSCOM topics and file numbers. This letter is in response to your request on the Algerian Nationalist Movement, ZF010314W.

Please be advised that the information sanitized on pages 35-37 and 85-86 was done prior to receipt in this office.

We have completed a mandatory declassification review of the documents in accordance with Executive Order (EO) 12958. As a result of this review, information has been sanitized from these records and 16 pages are denied in their entirety as the information is currently and properly classified CONFIDENTIAL according to Sections 1.3(a)(3), 3.4(b)(1), and 3.4(b)(6). This information is exempt from the public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b)(1). It is not possible to reasonably segregate meaningful portions of these records for release. A copy has been enclosed for your use. A brief explanation of the applicable sections follows:

Section 1.3(a)(3) of EO 12958 provides that information shall be classified CONFIDENTIAL if its unauthorized disclosure reasonable could be expected to cause damage to the national security.

Section 3.4(b)(1) of EO 12958 provides that classified information more than 25 years old is exempt from automatic declassification if it would reveal the identity of a confidential human source, or reveal information about the application of an intelligence source or method, or reveal information about the application of an intelligence source or method, or reveal the identity of a human intelligence source when the authorized disclosure of that

source would clearly and demonstrably damage the national security interests of the United States.

Section 3.4(b)(6) of EO 12958 provides that classified information more than 25 years old is exempt from automatic declassification if it would reveal information that would seriously and demonstrably impair relations between the U.S. and a foreign government, or seriously and demonstrably undermine ongoing diplomatic activities of the U.S.

Information has been sanitized from these records to protect the identity of confidential sources. The sanitized information is exempt from public disclosure pursuant to Title 5 U.S. Code 552 (b)(7)(D) of the FOIA. The significant and legitimate governmental purpose to be served by withholding is that a viable and effective intelligence investigative capability is dependent upon the protection of confidential sources.

In addition, since the release of some of the information would result in the an unwarranted invasion of the privacy rights of the individuals concerned, it is exempt from public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b)(7)(C).

The withholding of the information above is a partial denial of your request. This denial is made on behalf of Brigadier General Keith B. Alexander, the Commanding General, U.S. Army Intelligence and Security Command, who is the Initial Denial Authority for Army intelligence investigative and security records under the FOIA. You have the right to appeal this decision to the Secretary of the Army. If you wish to file an appeal, you should forward it to this office. Your appeal must be postmarked no later than 60 calendar days from the date of this letter. After the 60-day period, the case may be considered closed; however, such closure does not preclude you from filing litigation in the courts.

Additionally, our review disclosed information under the purview of other government agencies. Our office does not have the authority to release these records; therefore, the documents are being referred for appropriate action under the FOIA. We will inform you as to the releasability of the information upon completion of this action.

The amount of \$600.00 for review and professional search are waived. The reproduction cost of \$33.75 remains due and should be forwarded by postal money order or certified check made payable to the Treasurer of the United States.

If you have any questions concerning this action, feel free to contact this office at (301) 677-2308. Please refer to case #635F-01.

Sincerely,

Dear Mr. Young:

In the course of processing your 29 March 2001 Freedom of Information Act (FOIA) request concerning the Algerian Nationalist Movement, the U.S. Army located CIA material and referred it to us for review and direct response to you.

We have reviewed the two documents and have determined that they must be denied in their entirety on the basis of FOIA exemptions (b)(1) and (b)(3). An explanation of exemptions is enclosed.

You have the right to appeal these decisions by addressing your appeal to the Agency Release Panel within 45 days from the date of this letter, in my care. Should you choose to do this, please explain the basis of your appeal.

Thank you for your patience while we were processing this referral.

Sincerely,

Dear Mr. Young:

References:

- a. Your Freedom of Information Act (FOIA) request of March 29, 2001, for all information concerning the Algerian Nationalist Movement, ZF010314W. Your request was received in this office April 18, 2001.
- b. Our letter of April 20, 2001, informing you that we were searching for records and we were unable to comply with the statutory 20-day time limit in processing your request.
- c. Our letter of September 18, 2001, releasing Army records and advising you that coordination was needed with other government agencies.

Coordination has been completed and we have been informed by the Central Intelligence Agency (CIA) that the information highlighted in black is exempt from public disclosure pursuant to Title 5 U.S. Code 552 (b)(1) and (b)(3) of the FOIA. To aid you in identifying all CIA information, we have bracketed them in red. The records are enclosed for your use.

The withholding of the information by the CIA constitutes a partial denial of your request and you have the right to appeal this decision to the Agency Review Panel within 45 days from the date of this letter. If you decide to file an appeal, it should be forwarded to the following: Ms. Kathryn I. Dyer, Information and Privacy Coordinator, Central Intelligence Agency, Washington, DC 20505. Please explain the basis of your appeal. Cite CIA #F-2001-02022 assigned to your request so that it may be easily identified.

We have completed a mandatory declassification review in accordance with Executive Order (EO) 12958. As a result of this review, information has been sanitized as it is currently and properly classified CONFIDENTIAL according to Sections 1.3(a) (3), 3.4(b)(1) and 3.4(b)(6) of EO 12958. This information is also exempt from the public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b)(1). Fees for processing this request are waived. A brief explanation of the applicable sections follows:

Section 1.3 (a)(3) of the EO 12958 provides that information shall be classified CONFIDENTIAL if its unauthorized disclosure reasonably could be expected to cause damage to the national security.

Section 3.4 (b)(1) of EO 12958 provides that classified information more than 25 years old is exempt from automatic declassification if it would reveal the identity of a confidential human source, or reveal information about the application of an intelligence source or method, or reveal the identity of a human intelligence source when the unauthorized disclosure of that source would clearly and demonstrably damage the national security interests of the United States.

Section 3.4 (b)(6) of EO 12958 provides that classified information more than 25 years old is exempt from automatic declassification if it would reveal information that would seriously and demonstrably impair the relations between the United States and a foreign government, or seriously and demonstrably undermine ongoing diplomatic activities of the United States.

Since the release of the sanitized information from these records would result in an unwarranted invasion of the privacy rights of other individuals, they are exempt from the public disclosure provisions pursuant to Title 5 U.S. Code 552 (b)(7)(C) of the FOIA.

The withholding of the information described above is a partial denial of your request. This denial is made on behalf of Brigadier General Keith B. Alexander, the Commanding General, U.S. Army Intelligence and Security Command, who is the Initial Denial Authority for Army intelligence investigative and security records under the FOIA. You have the right to appeal this decision to the Secretary of the Army. If you wish to file an appeal, you should forward it to this office. Your appeal must be postmarked no later than 60 calendar days from the date of this letter. After the 60-day period, the case may be considered closed; however, such closure does not preclude you from filing litigation in the courts.

If you have any questions concerning this action, contact Ms. Kelley at (301) 677-4908. Please refer to case #239F-02.

## SUMMARY OF INFORMATION

1. Enclosed as Exhibit "I" is a technical coverage copy of a ( ) conversation between ( ) and an unidentified male in West BERLIN on 17 July 1959. In summary, the conversation disclosed the following information: (b)(7)(C)

a. On 22 June 1958, the Arabic Commercial Bank was established in GENEVA, Switzerland, as a new banking concern with five million Swiss francs capital. This bank did not begin actual operations until the middle of May 1959. In VIENNA, Austria, it is known that VIENNA and BOMM representatives of the Front for National Liberation (Front de la Liberation Nationale - FLN) have received money-transfers from this bank through insignificant middlemen in Austria. The identity of these middlemen is unknown. Funds, coming from CAIRO, Egypt, or elsewhere, are transferred to this bank and are transmitted farther by unknown middlemen. Openly, the bank acts as a clearing house for petroleum sales to Europe; in turn, industrial commodities are acquired from Switzerland. Presently, the bank has connections with not more than seven actual commercial or trading concerns, names unknown. The head of the bank, Fnu MAEDER, has given repeated assurance that his bank will not openly support any Algerian political activity. MAEDER has declared that French security authorities would not succeed in proving that the bank transacts business through a covert account in PARIS, France.

b. Fnu MAEDER heads the Arabic Commercial Bank. He is 68 years of age and a Swiss national. He has been a professional banker for 47 years and has managed other banks: one in ALEXANDRIA, Egypt, and prior to this, possibly one in LONDON, England. (b)(7)(C)

c. A GENEVA attorney, ( ), who drew up the bylaws of the Arabic Commercial Bank and who was a member of its Board of Directors, was removed from his position with the bank during the middle of June 1959. ( ) is alleged to have denounced some of the bank's policies. From the Arabian viewpoint, it is maintained that ( ) can be influenced by the French because he is also a member of the Board of Directors of other banks which transact business with France.

d. Fnu MARDAM BEY, former Minister-President of Syria, is a member of the Board of Directors of the Arabic Commercial Bank.

(S)(U) e. ( ) 1st Secretary to the Sheik of Kuwait, is also a member of the Board of Directors of the Arabic Commercial Bank.

( \_\_\_\_\_ ) 5 USC 552 (b) (1)

The following communique was delivered to the press at Gouvieux (Oise) by the Political Bureau of the MNA:

Following General de Gaulle's press conference, the Political Bureau of the MNA held a meeting to examine those portions of the conference dealing with the Algerian problems. The Political Bureau verifies that the declaration of the 16 September is reaffirmed. There are a number of points which attract attention: The Algerians themselves are to decide their destiny; their choice will be entirely free; and General de Gaulle pledges that all Algerians, no matter who they might be or what their program might be, can participate in the referendum without constraint. They will participate not only in the voting, but also in the deliberations which will decide the methods to be employed in the polling.

These points assume a considerable importance and contain those elements capable of creating a cease-fire and a peaceful and democratic settlement of the Algerian problem. In these points, the principle of self-determination clearly finds its application. It puts an end to all totalitarian conceptions and the claims of extremists on both sides.

The MNA, taking notice of this, remains vigilant towards the application of all the principles of self-determination. The MNA considers that the delay between the cease-fire and the referendum should be of a shorter duration than that which is proposed in the French plan.

The message in question was received at the OSCA Message Center at 0730 hours, 30 September 1959. It was delivered to the Ammunition Division, OSCA, the same morning by the OSCA courier, a US Army SFC who has a Top Secret clearance. From the time the message was picked up at the Transceiver Branch, US Army Signal Service Company, Orleans Area Command, APO 58, US Forces, it was handled only by US Army personnel and no LWR would have had access to it.

On 4 November 1959, ( ) Capt, SigC, ( ) Chief, Transceiver Branch, US Army Signal Service Company, Orleans Area Command, APO 58, US Forces, was interviewed concerning the unclassified, unencrypted message concerning SUBJECT. ( ) stated substantially as follows:

According to the records of the Transceiver Branch, the message in question was received at 0120 hours on 30 September 1959 by a US Army enlisted teletype operator. Since the message was a priority message it should have been specially handled by the Ordnance Supply Control Agency charge of quarters. It should have been picked up prior to 0800 before any of the Transceiver LWR teletype operators reported for duty. Therefore, it is highly unlikely that any LWR employee in the Transceiver Branch has handled or had access to the message.

On 4 November 1959, (b)(7)(C), Lt Col, OrdC, (b)(7)(C), Chief, Ammunition Division, Ordnance Supply Control Agency (OSCA), APO 58, US Forces, was interviewed concerning correspondence and messages which were originated and handled by his division in connection with SUBJECT. (b)(7)(C) stated substantially as follows:

None of the correspondence and messages concerning SUBJECT which was handled by or originated in his division was handled by Local Wage Rate (LWR) employees. All of the correspondence was prepared and handled by US military personnel. The correspondence which he originated and answered was sent from his division to the Ordnance Division, US Army Communications, Zone, Europe (USACOMZEUR), APO 58, US Forces, by an enlisted courier. All messages which he originated were transmitted "encrypted for transmission only" (EFTO) and all responses were EFTO except the message from Brooklyn Army Terminal which gave the destination and dates of shipment of SUBJECT. This unclassified and encrypted message was received from the Transceiver Branch, US Army Signal Service Company, Orleans Area Command (OAC), APO 58, US Forces, through the OSCA message center. This message did not contain the lot numbers of SUBJECT and would have been of no value to any person not having his original message. All of the EFTO messages were handcarried by US Army personnel to and from the Communications Center, Coligny Caserne. He is the only person in his division who realizes the significance of SUBJECT and related correspondence. The realization came to him only after he was advised of the command interest in the matter. All of the messages and correspondence handled through his division would have no significance to anyone who was not aware of the implications in the matter and who did not have knowledge of the lot numbers of SUBJECT.

The articles provide substantially the following information:

Under intense security precautions the trial of seven Algerians was held in Saarbruecken 32ULV5455, Germany, on 25 September 1959. The seven were charged with attempted extortion through robbery and attempted simple extortion on several occasions during November 1958 and May 1959. The extortion occurred in connection with the collection of membership dues for the Front de Liberation Nationale (National Liberation Front - FLN). The trial was very brief since none of the accused admitted the crime, and since the main witness Tahar GRIB was murdered on 5 September 1959. The seven Algerians were sentenced to jail for from six weeks to two and one-half years.

## SUMMARY OF INFORMATION

1. Since April 1959, and possibly earlier, Algerian nationals have been processing at an East German refugee center located in FUERSTENWALDE (VU-3702). Although the exact number is unknown, at least two hundred and fifty Algerians have been processed here during the past four months. The majority of these were young men who had served as members of the Algerian rebel army, and were forced to leave Algeria because they feared arrest. During their stay in FUERSTENWALDE, they were feared and resented by the residents of the city who accused them of roaming through the streets in groups of six or seven and causing disturbances. They are said to have caused fights, committed robberies, and assaulted women. As a result, the women in the FUERSTENWALDE area would not walk through the streets alone at night. In an attempt to end the disturbances, local police trained a number of Algerians, exact number unknown, to act as a police force to control the other Algerians. The results of this attempt are unknown. In May 1959, exact date unknown, the Algerians were transferred from the refugee center to a special compound at MOLKENBERG (UU-1142). Here they are restricted to the area of the compound, except for those employed by the local industries and farms. The latter were permitted to commute from the compound to their place of work; however, they were required to return to the compound in the evening. No details are known concerning the activities of the Algerians within the compound. Insofar as could be determined, they received no training in the compound except for some basic communist indoctrination lectures. Whether or not special training was, or will be, given to these refugees could not be determined.

2. Several Algerians, exact number unknown, were employed by the VEB Gasolan, a machine tool manufacturing company in FUERSTENWALDE. They were later discharged because of their unwillingness to work, and for the trouble they caused through fights with, and thefts from, the regular German workers. LPG's located at BEERFELDE (VU-3509) and TREBUS (VU-3506), as well as the LPG Rotes Banner located in JANICKENDORF (VU-3310), each agreed to hire ten Algerians. The LPG's would take no more than ten due to the fact they feared trouble similar to that experienced in the VEB Gasolan. Due to the low wages paid to them, the Algerians refused to work hard, if at all; they were aware of the fact that the MOLKENBERG compound would support them whether they worked or not. This behavior of the Algerians caused much dissention among the German employees of the LPG's, who also refused to work when they discovered that the refugees, whom they resented, were shirking their duties. In June 1959 the LPG's at BEERFELDE and TREBUS discharged the Algerian employees in order to eliminate this trouble. Those Algerians employed by the LPG Rotes Banner as field laborers have not been discharged.

3. The ten Algerians, names unknown, employed by the LPG Rotes Banner are very dissatisfied with the life in East Germany. They feel that they were not given all the things promised them when they came to East Germany. Exactly what they were promised is unknown. Why the Algerians chose to come to East Germany rather than another country is unknown. How the Algerians traveled to East Germany is unknown. All ten would like to return to Algeria, but they fear arrest by the Algerian authorities.

(b)(7)(C)

The Algerian intellectuals, ( ) and ( ), who reside outside of France and have United Nations Organization (UNO) passports, are preparing to go to Switzerland, Western Germany, Italy and Yugoslavia for the purpose of conducting (in these countries) propagandistic activity in favor of the FLN.

They represent the most extreme position of the Abbas, Ferhat Government which recently announced that the FLN has decided to conduct a "war of extermination", and using every means possible against French colonialism. (F-6)

## 4. REPORT OF FINDINGS

(b)(7)(C)

On ( ), Source A-IV received a telephone call from one ( ), German national, residing in Hamburg 32UNE63, Germany, who was acting as authorized representative for ( ) of the Stern, a German pictorial type magazine. ( ) invited Source A-IV to travel to Paris (nca), France, for the purpose of effecting an introduction between Source A-IV's friend ( ), French national, journalist, ( ) for the French newspaper L'Aurore, residing at ( ), near Paris, France, and ( ), reporter for the Stern, Hamburg. The object of this meeting between ( ) and ( ) is so that ( ) can release information for publishing in the Stern which will expose illegal arms shipments from various German and Czechoslovakian companies to support the revolution in Algeria. Source A-IV agreed to the meeting and traveled to Paris and met with ( ) and ( ) in the presence of ( ) Paris representative for the Stern, in the Stern office, Paris VI, Rue de L'Echaude, St. Germain. During the three (3) hour meeting held on ( ) the following information was revealed: ( ) offered numerous documents and proof that Communist personalities in East Germany and Czechoslovakia are dealing with West German individuals such as ( ) and ( ) ( ) in Hamburg, for the trans-shipment of old German Army weapons, and new German and Czechoslovakian weapons to Algeria. The French Navy has reportedly identified some of the vessels used for these shipments and has torpedoed some of the ships. The whole operation, of which ( ) is knowledgeable, is controlled by known agents, who are earning enormous sums of money. French Counter Intelligence agents, with the aid of a German group which is commonly referred to as the Rote Hand (Red Hand) but calls itself "Catena," other active and reserve officers and anti-Communists are actively supplying the French Navy with information in hopes of hindering and/or stopping further arms shipments to Algeria.

( ) promised the Stern representative and Source A-IV complete access to all documents pertaining to this action and further promised Source A-IV an exclusive interview with the head of the "Catena" (Rote Hand). All questions which the Stern would desire to have answered would have to be prepared before hand and Source A-IV would obtain the answers from the head of the "Catena." ( ) questioned ( ) as to why he could not conduct the interview instead of Source A-IV, whereupon ( ) answered that he has explicit faith in Source A-IV to obtain the confidence and respect the confidential identity of the head of the "Catena."

Upon further questioning by ( ), ( ) stated that he is capable of furnishing the following information: (b)(7)(C)

1. NAME OF SUBJECT OR TITLE OF INCIDENT

2. DATE SUBMITTED

3. CONTROL SYMBOL OF FILE NUMBER

4. REPORT OF FINDINGS

a. Complete identity with addresses of all German agents and business managers of the Pankower (Pankow, East Germany) and Czechoslovakian personalities controlling the entire operation, along with the "behind-the-scene" individuals of the FLN (Federation for National Liberation - Rebel government in Algeria).

b. -Contact will be established with the Vienna 33UXPO4, Austria, office of the FLN, which is presently headed by a former German national, now naturalized Algerian, whose office pushes propaganda for the return of all German Foreign Legionnaires from Algeria.

c. All known weapons transports will be identified with full details, and all future shipments will be reported if the Stern desires to use this information for a future expose.

d. All Czechoslovakian personalities will be identified.

e. All German Communist Party members connected with this action will be identified as such so that they can be interviewed at any time by Stern representatives.

(b)(7)(C)

Throughout the meeting the Stern representatives demonstrated a keen interest in the proposition. ( ) stated that he was offering the entire proposition to the Stern in hopes that through exposing the entire operation in the Stern magazine the German Government would act by passing legislation which would prohibit the shipment of arms through Germany. If this action could be accomplished it would tend to shorten the Algerian conflict and release the French military forces to strengthen the NATO Forces.

(b)(7)(C)

Upon payment of 15,000 West Deutsche Marks, ( ) stated that he would release all information for publishing in the Stern. ( ) told ( ) that he would have to discuss the payment with his employers in Hamburg on 25 May 1959 and would inform him of the results later. It was again mentioned that Source A-IV's only roll in the entire activity would be to interview the head of the "Catena."

2. (e) The 18 November 1958 edition of the Saarlaendische Landeszeitung (Saarland State Newspaper - SLZ) carried the following article, given here in translation:

FLN dissociates itself from Attack in Voelklingen  
Algerians are directed to observe the laws of the host country Saarbruecken (32ULV5455, Germany). The Algerian National Liberation Front (Front de Liberation Nationale - FLN) disassociated itself on Monday in Saarbruecken from the shooting on 12 October in Voelklingen (32ULV4367, Germany) of a thirty-five year-old Algerian.

In a communique made public on Monday by the FLN, it is stated that the attacker, who is named Mohammed Ameziane, is the tool of "a counter-revolutionary organization.". The FLN has directed all Algerians to observe the laws of the host country. It (the FLN) is not responsible for the "repulsive attack" in Voelklingen.

According to statements by the St. Michael Hospital in Voelklingen, the Algerian, who was severely wounded in the attack, is, in the meantime, on the way to recovery.

3. (U) An identical statement appeared in the 19 Nov 58 edition of the Saarbruecken Allgemeine Zeitung (General Newspaper). (C-3)

SUMMARY OF INFORMATION

FE-766-2(0)

1. The 14 March 1956, edition of Le Figaro, moderate, non-Communist French language newspaper, published daily in Paris (Seine), France, contained an article on page 2, which stated that on the morning of 13 March 1956, a French forester had found two cases of American ammunition, each containing 2,000 cartridges plus several clips, in the woods outside of Bar-le-Duc (Meuse), France. The writer stated also that tire tracks of a small automobile had been discovered in the vicinity, and it appeared that other cases had previously been in the same area and had been removed recently. The article further stated that according to the forester, the cases had not been there eight days previously, although it was possible that he had not noticed them because of the snow at that time. (C-5)

2. Investigation revealed substantially the following information: On 11 March 1956, ( ), French forester residing at ( ) found one wooden box, one metal waterproof inner liner, and numerous empty cartridge cases and clips from expended M1 rifle ammunition scattered on the ground on a fire trail located about 300 yards off departmental road D-146, between Bar-le-Duc and Veal. Bar-le-Duc City Police were notified and collected all the empty cartridge cases in the box and all the clips in the metal liner. Both containers were then approximately three quarters full. (B-2)

Identifying symbols on the box were ABC TIERIE (meaning: cartridge cal .30, Ap m2, for M1 rifle, 8 round clips in bandoleers.). The outer box was marked "Repacked lot SL-C-91793". (E-1)

A French firing range is located within a mile of the area where the material was found and was used by TFOD personnel for M1 rifle firing sometime during the two week period preceding discovery of the expended ammunition. (B-1)

3. On 15 March 1956, French newspapers in ADSEC area (Le Lorrain and 1<sup>er</sup> Est Republicain) carried an article referring to the previous day's article in Le Figaro and stating that only one case of expended cartridges had been found rather than two cases of live ammunition. (C-2)

a similar trade union in France. Since ( ) was unable to visit the 527th MI Co on this occasion, ( ) would act as his representative.

The Trade Union of Algerian Workers in Germany was to become one German affiliate of the MNA which already had branches in France and Belgium. The union was officially constituted on 30 December 1964, but was not registered according to German law. A registration application (EXHIBIT ) had been prepared and would be submitted to the Union Registration Office, Homburg in the near future.

The MNA party was the opposition party to the FLN, the Algerian Party of Ben Bella, Premier of Algeria. The MNA represented approximately 800,000 Algerians in Europe. These Algerians emigrated to Europe in accordance with the terms of the Evian (phonetic) Agreement, negotiated between the French and the Algerians at the close of the Algerian War. The majority of these refugees arrived in France without money, shoes, clothes, or complete documentation and required medical attention and employment. Although the French provided substantial assistance to the Algerians, the International Red Cross had not. Faced with privation, Algerians have wandered across Europe in search of employment, crossed international borders without complete documentation, and faced imminent arrest by local civil authorities. ( ) cousin was a (b)(7)(C) student in Yugoslavia with approximately 80 other Algerian students when Ben Bella came to power. When these students attempted to obtain re-entry permits to return to Algeria, their requests were refused, and in some cases, their passports were revoked. This cousin crossed the border into Germany illegally and resides with ( ) in constant fear of apprehension because he does not possess documentation.

The MNA Party seeks to assist and represent these immigrants. The MNA membership, strengthened by the arrival of Algerian refugees and the recruitment of Algerian students

strives to assist these people by locating job positions, organizing the masses, providing language and legal instruction, and espousing the native Algerian culture. Since Algeria is not a member of the Common Market, it is difficult to locate jobs for the Algerian workers; although the Algerian people are reliable and hard-working. This problem has been voiced to the French officials of the Ministry of Interior, and it is hoped that a solution will be forthcoming.

The MNA Party is an old party and predates Ben Bella's FLN Party. Messali Hadj, President of the MNA, has been associated with the MNA for many years and was recognized as a leader of the Algerian independence movement long before Ben Bella became known as a revolutionary. Bella's FLN Party came into existence as early as 1953 or 1954, as a separate faction of the MNA. On one occasion, Hadj authorized Bella's release from imprisonment so that Bella could continue his efforts for the revolution. This trust was betrayed by Bella's deceit. Bella created friction and discord within the MNA movement and cleverly manipulated himself into power, employing subtle communist technique of setting Algerians of divergent dialects against their neighbors. Once Bella had attained power, former MNA associates who had succumbed to Bella's promises, were jailed or eliminated. ( ) father was murdered by some of Bella's henchmen, and he witnessed the murder of two MNA instructors in a village classroom. (S)(M)(C)

There should be no doubt concerning Ben Bella's sympathies. His close ties with and travel to the East are well publicized, as are his political intrusions into neighboring North African states. When the American people provided Algeria economic assistance - wheat shipments, at the close of the Algerian War, Bella confiscated the wheat and sold it to the populace, although the wheat had been provided at no cost. Other Western countries also have been tricked by Bella. Fortunately, the MNA was able to prevent the shipment of 5000 Volkswagens to Algeria, which one western country was furnishing Algeria.

4. REPORT OF FINDINGS

Almost 85% of the Algerian population is anti-Bella, but remains divided into political factions and regional tribes. The MNA wages continual resistance to the Bella forces. In Algeria, the MNA is conducting limited guerrilla warfare and has succeeded in infiltrating supporters into both the civilian and military segments of the government. New men, recruited in Europe, are trained and dispatched to Algeria on a continuing basis, but it is not easy to locate and train persons for these assignments. In Europe, the MNA strives to counter the pro-communist propaganda (EXHIBIT \_\_\_\_\_) which is disseminated by the pro-Bella elements among the Algerian refugees. The MNA publishes its own newspaper (EXHIBITS \_\_\_\_\_) to offset this propaganda offensive. The MNA also organizes local unions to challenge pro-Bella organizations which invariably espouse communist doctrines.

The President of the MNA is universally known and has traveled extensively in Western Europe, the Middle East, and North Africa. Hadj seeks to establish a social-democratic state in which even a poor man can save money. The first goal of a new Algerian state would be to provide a higher standard of living for the impoverished Algerian people comparable to the living standard of the GFR or the USA. Hadj would develop Algeria's resources for Algeria's own benefits, and would refrain from intervening in the affairs of neighboring states e.g. the Congo. Hadj definitely would not tolerate USSR or Chinese Communist expansion in Algeria nor sanction the use of Algerian territory as a communist bridgehead in Africa. Communism is a system which pays the worker with promissary notes, and the Algerians want nothing to do with such a system.

Three attempts have been made to assassinate Hadj. The most recent plot involved eight Egyptian agents who were directly responsible to the Egyptian Ambassador in Paris. Ben Bella's close relationship with Abdul Nasser undoubtedly fostered such activities. Fortunately, the MNA was forewarned of the plot in time to employ security measures. Hadj's personal body guard

was increased to eighteen men, all officers, an equal match for any Bella division, and French security forces were notified of the threat in time to intervene. French security forces were subsequently instructed to provide protection to all Algerian minority groups and to MNA members. These attempts serve to prove the success which the MNA has had in checking Ben Bella's designs to repatriate the European Algerians.

Although advances have been made, there is much still to accomplish. The international disillusionment which focused on Ben Bella and his adherents cast a blight on all Algerians, Belgium refused to accept the communist emissaries appointed by Ben Bella, but condoned the presence of MNA members when Hadj interceded in their behalf.

Consideration has been given to providing more extensive dissemination of the objectives of the MNA through the news media. A German reporter from Das Bild (The picture) newspaper was granted a private interview with Massali Hadj in the hopes that information concerning the Algerian situation would receive newspaper coverage. Unfortunately, the reporter was interested solely in "headline" news; not in the portrayal of the Algerian MNA. MNA is willing to grant a similar interview to American journalists who may be interested in reporting the Algerian movement, and ( ) would request an interview with Hadj if US Intelligence wishes to recommend any journalists. USI is also invited to contact Hadj concerning any questions regarding the objectives, organization, or capabilities of the MNA. Hadj speaks English and is willing to travel to Kaiserslautern, GFR for an interview or may be contacted in Paris, France.

Legally, the MNA cannot ask directly for weapons, if these weapons should be provided, the Algerians know how to use them. There is much to be gained not for the Algerians alone, but also for the US. MNA is willing to provide information to USI which is gathered from its sources inside Algeria. The MNA can provide photographs of USSR equipment and munitions

4. REPORT OF FINDINGS

On 24 August 1962, Source P-5, an official of Agency "A", who has provided reliable information in the past, furnished a copy of a Front, de la Liberation Nationale (National Liberation Front-FLN) Interior Bulletin No. 1,736, dated 21 July 1962, a copy of which is attached as EXHIBIT to the original Agent Report only. Highlights of the Bulletin are as follows:

Events of extreme gravity are shaking our country and threatening our national unity and cohesion. The aims of the Algerian Revolution, for which thousands upon thousands of Algerian Moslem men and women died, are now in danger of being compromised. On the eve of independence, the Conseil National de la Revolution Algerienne (National Council of the Algerian Revolution-CNRA) met to set down the conditions for the taking over of power. The FLN was to be transformed into a political party capable of putting into effect a revolutionary program. The work of the CNRA was, however, disrupted by political differences. The crisis which followed led to trouble within the General Staff of the Armee de la Liberation Nationale (National Liberation Army-AIN) and to the resignation of a member of the Gouvernement Provisoire de la Republique Algerienne (Provisional Government of the Algerian Republic-GPRA). These political differences are deeply disturbing to our people. They are delaying the reconstruction of the Algerian State and the solution of its socio-economic problems. The Federation of France, conscious of the gravity of the present situation, now calls upon FLN militants to remain vigilant, fraternal, and united. In these decisive hours, the best contribution which we can make is to remain united and disciplined. The future of Algeria depends upon the union of all militants. Today, more than ever, this unity must be the concern of all. The rank and file members of the FLN must continue their efforts in the service of the Revolution and must continue to collect money for our country, ruined by seven-and-a-half years of a war which saw the destruction of its economy and administration. Our country suffers from unemployment and misery. The widows and the orphans of our valiant "moudjahidines" (freedom fighters), the maimed, and the refugees who have returned home are all victims of these long years of war and have need of our material support. The FLN invites its members in the Metropole to make the maximum effort to aid the people of Algeria. It should be understood that the actual state of affairs in Algeria is one of economic depression. Algerian Moslem workers, therefore, must be dissuaded from their mass exodus. The rebuilding of our country will take longer if the exodus of workers continues. Algerian Moslems outside of Algeria have had the honor of making important contributions toward financing the War of Liberation. These contributions must now continue until the Algerian Republic is firmly established.

4. REPORT OF FINDINGS

The 26 July 1962 edition of the Left-wing French-language weekly newspaper, L'Express, contained an article entitled "La CIA contre Ben Bella." The article is translated as follows:

The American intelligence service, CIA, which underwent a change of directors and a thorough reorganization as a result of the Cuban fiasco, has just committed another serious mistake. After the proclamation of Algerian independence, all of CIA's reports to the White House concluded that Benyousséf Ben Khedda would be victorious over Mohammed Ben Bella. Moreover, CIA was insistent that Ben Bella, if not a communist, at least sought to strengthen the political and economic links between Algeria and the East. President Kennedy, however, had profited from the Cuban experience; therefore, he compared the CIA reports with those of his ambassador in Tunis, Tunisia, and William Porter, his Charge d'Affaires in Algiers, Algeria. Although none of the American diplomats in North Africa predicted the victory of Ben Bella, their reports contained more nuances concerning the intentions of Ben Bella than did the CIA reports. President Kennedy drew the conclusion that, a priori, it should not be more difficult to work with Ben Bella than with Ben Khedda. Upon the recommendation of William Porter, Kennedy decided not to take any position, directly or indirectly, in the Ben Bella-Ben Khedda conflict.

(Wormser Zeitung, 10 January 1962) Hans Demmer, a 59 year old arms dealer from Ludwigshafen (TN: (MV5980), German Federal Republic (GFR)), is being tried by the Landgericht (TN: District Court), Frankenthal (TN: (MV5387) (GFR)) for illegal selling of arms. Demmer is charged with having violated the Arms Law and the Law Concerning Foreign Trades.

Demmer has been active in the field of dealing with weapons since 1928. A few months ago, he received a threatening letter from the "Red Hand" (TN: French Rightist Underground Movement). According to his own statements, he had debts amounting to approximately 180,000. DMW (TN: Deutsche Mark West) in 1957. In a dubious way, he made the acquaintance of a certain Pierre, a representative of a company in Paris, France. Representatives of this Paris company, which did not exist but on paper, repeatedly contacted Demmer in Ludwigshafen and picked up more than 200 pistols.

Another large-scale customer of Demmer's, a phoney company from Belgium, likewise existed only on paper. In reality, the representatives of these phoney firms were agents of the Algerian resistance movement of MNA (TN: Mouvement National Algerien (Algerian National Movement)). The MNA maintains a headquarters in the Saarland. Demmer stated that he used to take the shipments across the border and hand the merchandise over to the agents of the "firm" in the no man's land. In one instance Demmer had bad luck and was caught by customs officials who confiscated both his car and the 50 pistols he had with him.

In the hearing which was conducted in camera, Demmer claimed that he was not aware of the fact that his shipments were in reality sold to the Algerian Resistance Movement.

(Die Rheinpfalz, 10 January 1962) Hans Demmer is charged with having violated the Arms Law and the Law Concerning Foreign Trades by selling 602 pistols, 83 magazines, and 1000 rounds of ammunition for 94,000. DMW to phoney firms in France and Belgium during the period from June 1957 to December 1960. The two phoney companies had the well-sounding names of "Compagnie Generale de Transport, Air-Fer-Mer, Paul Doumergue et Cie, 185 Avenue de Clichy, Paris 171" and "Clermont-Freres, Bruxelles" and were in reality agents of the Algerian Resistance Movement of "Mouvement National Algerien" (TN: Algerian National Movement) (MNA).

Demmer stated that he began selling air rifles to gun clubs in the Saarland in 1957 and later met a Frenchman by the name of Pierre. Pierre

TRANSLATION (Cont'd)

had passed himself off as a representative of a French transportation company. Demmer sold about 250 pistols to this company.

Beginning of October 1957, Police became suspicious of the obscure dealings of Demmer when they determined that the French company did not exist in reality. A few months later, Demmer allegedly met a man by the name of "Philippino" in a Luxemburg cafe. "Philippino" appeared to be an Italian; however, he did not speak Italian. "Philippino" introduced himself as a representative of a Bruxelles firm which was interested in the purchase of pistols. When dealing with this company, Demmer himself took the merchandise in his privately-owned vehicle across the German-Luxemburg-Belgian border and handed the goods to "Philippino" in the no man's land.

According to the sales manager of an arms company in Ulm (TN: GFR), Demmer explained his large orders by claiming that the plant police of BASF (TN: Badische Anilin- und Sodafabrik (Baden Aniline and Soda Factory)) in Ludwigshafen plan to exchange their foreign pistols for German firearms.

(Speyerer Tageblatt, 10 January 1962) On 9 January 1962, the trial of Hans Demmer, a Ludwigshafen arms dealer, was opened at the Frankenthal Landgericht. Demmer is charged with illegal selling of arms.

According to a witness, Demmer once introduced to him (TN: to the witness) an Algerian by the name of Hamdane Sid as a friend of his. Demmer admitted that Sid was the first man to help him establish contacts with the phoney firm in Paris, France. Although Demmer had not known Sid for a longer period of time, he sponsored him when Sid bought a car.

(Die Rheinpfalz, 11 January 1962) The trial of Demmer has been suspended because one of the jurymen fell sick. The trial will be continued on 16 January 1962. This is why the hearing of Hamdane Sid as a witness, who obviously played a key role in the illegal dealings of Demmer, had to be postponed.

The name of Sid was also mentioned in the interrogation of a Kaiserslautern (TN: GFR) arms dealer, who was also contacted by Sid and other Algerians in an effort to buy arms. Allegedly this business was not realized. The Kaiserslautern arms dealer identified Sid and two other Algerians on photos.

Part of Demmer's illegal dealings were conducted via the Saarland, where the MNA is known to have maintained an agency. It is a known fact that the arms bought were to serve the MNA in their fight against the FLN (TN: Front Liberation National (National Liberation Front)). MNA and FLN are two rival resistance movements in Algeria.

TRANSLATION (Cont'd)

(Die Freiheit, 12 January 1962) The trial of Demmer has been postponed as one of the jurymen fell sick. An Algerian by the name of Sid who is presently held in a Saarbruecken (TN: GFR) jail will be heard as a witness upon the reopening of the trial. Sid was the first contact man between Demmer and the Algerian resistance movement. The hearing of Sid is considered to be most revealing.

(Speyerer Tageblatt, 13 January 1962) The trial of Demmer has been definitely called off and postponed until further notice. The jurymen who fell sick is suffering from a heart attack. According to the criminal procedure regulations, the trial could have been interrupted up to 20 January only. For this reason, the court called off the trial and will reopen the trial at a later date.

The trial had to be put off once before in the fall of 1961 when the defendant was not capable of appearing before the court for health reasons.

## Er lieferte Waffen für „schmutzigen Krieg“

Waffenhändler vor Gericht / Guter Verdienst mit illegalen Geschäften

H. Frankenthal, 9. Januar. (Eig. Bericht.)

Unter der Anklage, für den „schmutzigen Krieg“ um Algerien in erheblichem Umfange Waffen geliefert und bei diesen illegalen Geschäften nicht schlecht verdient zu haben, hat sich der 59jährige Waffenhändler Hans Demmer aus Ludwigshafen vor der Großen Strafkammer des Frankenthaler Landgerichts zu verantworten. Der Angeklagte sagte zu Beginn des mehrtägigen Prozesses, er fühle sich unschuldig, denn er habe weder gegen das Waffengesetz noch gegen die Wirtschaftsstrafgesetze verstoßen. Genau das wirft ihm jedoch die Staatsanwaltschaft vor, die behauptet, Demmer habe nicht nur eine wirtschaftsfeindliche Einstellung gezeigt, sondern darüber hinaus auch aus verwerflichem Eigennutz gehandelt.

Demmer, der seit 1928 im Waffenhandel tätig ist und vor wenigen Monaten einen Drohbrief der „Roten Hand“ erhielt, war 1957 nach seinen Angaben mit etwa 180 000 Mark verschuldet gewesen. Auf zweifelhafte Art machte er die Bekanntschaft eines gewissen Pierre, der Beauftragter einer Firma in Paris war. Wiederholt fuhr diese Firma, die jedoch nur auf dem Papier bestand, in Ludwigshafen vor und nahm mehr als 200 Pistolen in Empfang.

Auch der andere Großkunde, eine angebliche Firma in Belgien, bestand lediglich auf dem Papier. Wie bei den früheren Waffenverkäufen, handelte es sich auch hier bei den Abnehmern um Vertreter der algerischen Widerstandsbewegung MNA, die im Saarland eine Zentrale unterhält. Demmer sagte aus, er habe die Waffenlieferungen stets selbst über die Grenze gebracht und sie im Niemandsland an den Beauftragten der „Firma“ übergeben. Einmal hatte Demmer allerdings Pech, als er mit 50 Pistolen von den Zollbeamten gefaßt und sowohl diese Fracht als auch sein Personenwagen eingezogen wurden.

In der unter Ausschluß der Öffentlichkeit geführten Verhandlung beteuerte Demmer, er habe nicht gewußt, daß er in Wirklichkeit die mehr als 600 Pistolen, 35 Reservemagazine und etwa 1000 Schußmunition an die algerische Widerstandsbewegung lieferte.

# In internationalen Waffenschmuggel verstrickt

Ludwigshafener Waffenhändler verkaufte 600 Pistolen an algerische Widerstandsbewegung

th. Frankenthal. Vor dem Landgericht in Frankenthal hat sich seit gestern der 59jährige Waffenhändler Hans Demmer aus Ludwigshafen zu verantworten. Ihm wirft die Anklage vor, zwischen Juni 1957 und Dezember 1960 602 Pistolen, alle im Kaliber über 6,5 Millimeter sowie 1000 Schuß Pistolenmunition und 83 Magazine im Gesamtwert von 94 000 Mark an die Firmen „Compagnie Générale de Transport, Air-Fer-Mer, Paul Doumergue et Cie, 185 Avenue de Clichy, Paris 171“ und „Clermonte Frères, Bruxelles“ veräußert und gegen Waffengesetz und Devisenbestimmungen verstoßen zu haben. Hinter den klingenden Firmennamen, die lediglich auf Briefbögen existierten, verbargen sich Angehörige der algerischen Widerstandsbewegung „Mouvement National Algérien (MNA)“. In ihren Händen wurden von Demmer gelieferte Waffen später gefunden.

In der auf drei Tage angesetzten Hauptverhandlung sollen insgesamt dreißig Zeugen vernommen werden. Der erste Verhandlungstag stand weitgehend im Zeichen der Vernehmung des bisher unbestraften Demmer, der, aus Bad Neuenahr stammend, von Beruf Maschinenbau-Ingenieur und seit 1928 im Waffengeschäft tätig ist. Die Öffentlichkeit bleibt nach einem Beschluß des Gerichts, das unter Vorsitz von Landgerichtsdirektor Erich Barbier steht, bis zum Ende der Beweisaufnahme ausgeschlossen, um keine „Gefährdung der öffentlichen Ordnung“ und keine „Gefahr für Leib und Leben der Prozeßbeteiligten“ heraufzubeschwören. Erst kurze Zeit vor dem Prozeßbeginn soll Demmer von unbekannter Seite einen Drohbrief erhalten haben.

## Scheinfirmen als Käufer

Ueber den Verstoß gegen das Waffengesetz hinaus beleuchtet der Prozeß düstere Kulissen des internationalen Waffenschmuggels. Um einen Umsatzrückgang seines Lud-

wigshafener Waffen- und Sportartikelgeschäfts aufzufangen und eine Schuldenlast von mehr als 200 000 Mark abzutragen, hatte Demmer 1957 nach seiner Aussage begonnen, zunächst Luftgewehre an Schützenvereine im Saargebiet zu verkaufen und war dann mit einem mysteriösen Franzosen namens Pierre in Verbindung getreten, der sich als Beauftragter der Pariser Transportfirma ausgegeben hatte. An diese Firma habe er, rund 250 Pistolen verkauft.

## „Pierre“ und „Philippino“

Anfang Oktober 1957 wurde die Polizei auf die dunklen Waffengeschäfte aufmerksam und stellte fest, daß die französische Firma in Wirklichkeit nicht existierte. Wenige Monate später hat Demmer angeblich bei einem Kaffeehausbesuch in Luxemburg einen Mann namens Philippino kennengelernt, den er als Italiener einschätzte, der jedoch kein Italienisch sprach und sich selbst als Vertreter der Brüsseler Firma vorstellte. Auch sie war wiederum an Pistolenkäufen

interessiert, die dann auch zustande kamen. Demmer selbst brachte die Waffen im Gegensatz zu seinem früheren Geschäft, als die Pistolenkisten in Ludwigshafen abgeholt wurden, selbst mit seinem Wagen in das Niemandsland zwischen der deutschen, luxemburgischen und belgischen Grenze. Hier wurden sie nach Demmers Angaben von Beauftragten der Brüsseler Firma im Beisein des angeblichen Philippino in Empfang genommen und bezahlt. Bei einer dieser Fahrten wurde der Ludwigshafener Waffenhändler von Zollbeamten gestellt und sein Wagen beschlagnahmt.

## In den Händen der MNA

Am Dienstagnachmittag vernahm das Gericht Berufskollegen und Angestellte von Waffenfirmen, mit denen Demmer in geschäftlicher Verbindung gestanden hatte. Bemerkenswert war die Aussage des Exportleiters einer Ulmer Waffenfirma, wonach Demmer die Großbestellung an Pistolen aufgefordert mit dem Hinweis begründet hatte, der Werkschutz der BASF in Ludwigshafen wolle seine ausländischen Pistolen gegen deutsche austauschen. Anläßlich einer Vorsprache von Interpol bei dieser Ulmer Firma kam auch zutage, daß die von Demmer gekauften Pistolen in Frankreich in Händen von Angehörigen der algerischen Widerstandsbewegung (MNA) aufgetaucht waren. Demmer bestritt in der gestrigen Verhandlung mehrfach, über die Hintergründe der umfangreichen Pistolenkäufe unterrichtet gewesen zu sein.

# Ein Kaufmann aus Ludwigshafen lieferte ständig Waffen für Algerien

Doch will er nicht gewußt haben, daß sie für Algerien bestimmt seien - Scheinfirmen in Paris

Frankenthal. Wegen schwerer Verstöße gegen das Waffengesetz hat sich seit gestern der 59jährige Ingenieur und Kaufmann Hans Demmer aus Ludwigshafen vor der Ersten Großen Strafkammer des Landgerichts Frankenthal zu verantworten. Demmer, der in Ludwigshafen ein Waffen- und Sportbekleidungsgeschäft betreibt, wird vorgeworfen, von Juli 1957 bis Dezember 1960 über 600 Pistolen, tausend Schuß Pistolenmunition und anderes im Wert von 94 000 Mark ohne devisenrechtliche Lieferungseneh-

migung an die Scheinfirmen „Compagnie Generale de Transport“ in Paris und „Clermont Frères“ in Brüssel verkauft zu haben, die sie der algerischen Widerstandsbewegung „Mouvement National Algerien (MNA)“ aushändigten. Die Waffen wurden von Verbindungsleuten der Scheinfirmen mit Lastwagen in Ludwigshafen abgeholt oder von dem Angeklagten im Niemandsland zwischen der Bundesrepublik, Belgien und Luxemburg den Empfängern übergeben.

Nach der Verlesung des Eröffnungsbeschlusses schloß Landgerichtsdirektor Erich Barbier auf Antrag des Verteidigers des Angeklagten die Öffentlichkeit für die gesamte Prozeßdauer aus, da eine „Störung der öffentlichen Ordnung und eine Gefahr für Leib und Leben der Prozeßbeteiligten“ zu befürchten seien.

Demmer erklärte bei seiner Vernehmung, sein im Dezember 1954 in Ludwigshafen eröffneter Waffenhandel habe sich zunächst gut entwickelt und bis 1957 einen Umsatz von 200 000 Mark erreicht. Dann sei er durch widrige äußere Umstände auf knapp 90 000 Mark zurückgegan-

gen. Zu jener Zeit habe er 200 000 Mark Schulden gehabt. Größere Auslandsaufträge seien ihm deshalb sehr gelegen gekommen. Bedenken wegen der Auslandslieferungen habe er nicht gehabt.

Nachdrücklich sagte Demmer, er habe nichts davon gewußt, daß die von ihm gelieferten Waffen für Algerien bestimmt gewesen seien. Er habe weder Verbindungen dorthin gehabt noch sich darum bemüht. Die ausländischen Einkäufer seien von sich aus an ihn herangetreten.

Der Pariser Scheinfirma, deren Geschäftsbriefe mit „hochachtungsvoll Pierre“ unterzeichnet waren,

lieferte Demmer 1957 242 Pistolen vom Kaliber 7,65 mm für je 185 Mark. Auf diesen Preis gewährte er zehn Prozent Sonderrabatt und fünf Prozent Skonto. Auf die Frage des Gerichtsvorsitzenden nach den Durchschlägen seiner Lieferscheine erklärte der Angeklagte, sie seien vernichtet worden. Rechnungen habe er keine ausgestellt.

Ein Zeuge berichtete, Demmer habe ihm einmal einen Algerier namens Hamdane Sid als Freund vorgestellt. Der Angeklagte gab zu, daß Sid sein erster Kontaktmann bei den Waffenlieferungen an die französische Scheinfirma gewesen sei. Demmer hat sogar die Bürgschaft für einen von Sid gekauften Wagen übernommen, obwohl er den Mann erst kurze Zeit gekannt habe.

## Waffenschmuggelprozeß wurde unterbrochen

Einer der Schöffen erkrankt — Schlüsselfigur ist der Kontaktmann Sid

ttü. Frankenthal. Eine anvorhergesehene Unterbrechung gab gestern im Prozeß gegen den Ludwigshafener Waffenhändler Hans Demmer vor dem Frankenthaler Landgericht. Einer der Schöffen ist plötzlich erkrankt. Nächster Verhandlungstag ist erst der kommende Dienstag. So kam es gestern noch nicht zu der mit Spannung erwarteten Vernehmung des Zeugen Hamdané Sid, der in den illegalen Waffengeschäften des Ludwigshafeners offensichtlich eine Schlüsselrolle gespielt hat.

Demmer hat im Verlauf der Vernehmungen zugegeben, daß Sid Kontaktmann bei den ersten Pistolenverkäufen an die französische Scheinfirma gewesen sei. Er hat in der Folgezeit diesem Mann den Kauf eines Kraftwagens vermittelt und sogar die Bürgschaft für die Kaufsumme von 3100 Mark übernommen. Gleichwohl habe er Sid erst ganz kurze Zeit gekannt. Der Name Sid tauchte auch in der Vernehmung eines Kaiserslauterner Berufskollegen Demmers auf. Auch bei ihm hatte sich Sid zusammen mit Landsleuten um Waffenkäufe bemüht, die dann jedoch nicht zustande gekommen sein sollen. An Hand vorgelegter Fotos erkannte der Zeuge aus Kaiserslautern Sid und zwei seiner Landsleute wieder.

Die Preise der von Demmer an die algerischen MNA-Leute gelieferten Pistolen waren

übrigens nicht gerade niedrig. Er verkaufte sie je Stück für 195 Mark, wobei er bei Selbstabholung einen Rabatt von 10 Prozent und bei sofortiger Bezahlung einen solchen von 5 Prozent gewährte. Die Frage der Ersatzteile für ein offenbar sehr gängiges früheres deutsches Pistolenmodell, das heute nicht mehr hergestellt wird, löste der Ludwigshafener Waffenhändler in der Weise, daß er tschechische Nachbauten dieses Modells kaufte und die dann ausschaltete. Merkwürdigerweise knüpfte Demmer diese neuen Geschäftsverbindungen zu einem Zeitpunkt an, zu dem er bereits wissen mußte, daß die polizeilichen Ermittlungen gegen ihn im Gange waren.

Ein beträchtlicher Teil der auf der Zeugenliste aufgeführten Personen ist im Saarland wohnhaft. Demmer wickelte einen großen Teil seiner illegalen Waffengeschäfte über das Saarland ab. Es ist auch bekannt, daß die MNA dort eine Zentrale unterhielt, und man weiß schließlich, daß die Waffenkäufe dem Kampf der MNA gegen die FLN dienen sollten. MNA und FLN sind die beiden rivalisierenden Widerstandsgruppen in Algerien.

## Waffenprozeß vertagt

FRANKENTHAL (Eig. Ber.) — Die dunklen Kanäle, in die die Waffenlieferungen des Ludwigshafener Kaufmanns Hans Demmer (59) in den Jahren 1957 bis 1960 verschwanden, bleiben vorerst ungeleuchtet, da die Verhandlung in Frankenthal auf den 16. Januar vertagt werden mußte: einer der beiden Schöffen ist plötzlich erkrankt. Von einem

Algerier namens Sid, der als erster Verbindungsmann zwischen der französischen Firma und dem Ludwigshafener Waffenlieferanten auftrat, und der gegenwärtig in Saarbrücken in Haft sitzt, erhofft sich das Gericht wertvolle Aufschlüsse über die Hintergründe der Manipulationen.

Die Freiheit, 12 January 1962

## Prozeß gegen den Ludwigshafener Waffenhändler endgültig geplatzt

Krankheit eines Schöffen führt zur Verlegung des Termins

Frankenthal. Der Frankenthaler Prozeß gegen den 59jährigen Ludwigshafener Waffenhändler H. Deimner, der Waffenlieferungen für die algerische Widerstandsbewegung getätigt haben soll, ist endgültig „geplatzt“. Wie in Frankenthal zu erfahren war, wurde die Hauptverhandlung auf unbestimmte Zeit vertagt. Der Prozeß war bereits am Mittwoch nach nur eintägiger Dauer auf nächste Woche vertagt worden, da einer der beiden Schöffen plötzlich erkrankt war. Da mit einer längeren Krankheitsdauer des Schöffen gerechnet werden muß — er hat dem Vernehmen nach einen Herzinfarkt erlitten — ist die Wiederaufnahme der Verhandlung von der I. Großen Strafkammer des Landgerichts Frankenthal nun vorsorglich auf einen späteren Termin verschoben worden. Nach den prozessualen Bestimmungen hätte die Verhandlung nur bis zum 20. Januar unterbrochen werden dürfen.

Der angeklagte Waffenhändler soll in den vergangenen Jahren 800 Pistolen und große Mengen Munition im Wert von über 90 000 Mk. über zwei Scheinfirmen in Paris und Brüssel an die algerische Widerstandsbewegung geliefert haben. Am ersten Verhandlungstag erklärte er, den Bestimmungsort seiner Lieferungen nicht gekannt zu haben. — Der Prozeß hatte im Herbst 1961 schon einmal abgelehrt werden müssen, da der Angeklagte wegen eines schweren Herzleidens nicht vor Gericht erscheinen konnte.

It is also to be noted that 1 November is a national holiday in France, and in the Orleans area, American and French military and police units, as well as government officials, form a cortege and march through town to place a wreath honoring the war dead. At this time, it does not appear that it will be necessary to keep the Americans off the streets on 1 November. Special Agent assisted in the above interview.

4. REPORT OF FINDINGS

On 10 October 1961, an Algerian Moslem, whose name, date and place of birth are unknown, but who is a casual acquaintance of the undersigned Agent, being seen on an average of one or two times a week, volunteered the following information:

(b)(7)(C) For the past six to eight months, Source has been gainfully employed as a ( ) Source's working hours are from ( ) hours, with a break from ( ) hours to ( ) hours. Because of Source's gainful employment, and with the assistance of his employer, he has been able to obtain written permission to be on the Paris streets after 2030 hours, since the Paris Prefecture of Police (PP) has imposed a "Curfew" in that all Algerians have been "requested" to be in their residence after 2020 hours. Source states that many of his associates feel that the Algerians in France are now suffering because of the terrorist activities perpetrated by the Front de la Liberation Nationale (National Liberation Front - FLN) against the police services in France. Source does not deny that FLN activities were of such a nature that it was expected that the PP would take the counter-measures that now exists. Asked if he himself contributed to the FLN, he evasively replied that his family (mother and father) had thus far not been bothered by the FLN, thus implying that he was contributing. He smiled when again asked the same question, and then requested that that particular subject not be discussed.

(b)(7)(C) Two of Source's fellow countrymen, also acquaintances of this Agent, and known as the ( ) brothers, have been noticeably absent for the past week and a half. The ( ) brothers are both gainfully employed, the elder of the two at Restaurant Ducet, 4 rue Marbeuf, Paris 8 (Seine), France. Source was queried as to the present whereabouts of these individuals. Source replied that the older of the ( ) was in the "hospital," and that he had no information of the whereabouts of the younger brother. When asked if the elder had been injured or ill, Source replied that he had been picked up by the PP and was being held in some prison in the outskirts of Paris. Source further stated that the elder ( ) had not been picked up during the course of a police round-up, but that he had been arrested at his home. Source stated that since the "curfew" has been in effect, few Algerians are being arrested on the streets, but that the police are making quiet raids at their residences.

(b)(7)(C) To both Source and this Agent, the ( ) have mentioned in the past of their arrests by the police during the course of street round-ups and prior to the imposition of the "curfew". Following one of these arrests, the elder ( ) mentioned that the police, without even questioning the individuals, often take the identification papers presented by the Algerians and tear them up. This means that following their release, they are then in greater jeopardy, because they could again be arrested before they have the opportunity to renew their identity documents. This lack of identity documents means almost certain deportation to Algeria.

4. REPORT OF FINDINGS

(Continued)

Source, who does not have the facial characteristics or the French language difficulty typical of the Algerians in Paris, has been able to avoid any contact whatsoever with the police since his arrival in Paris. Source terminated his French military service sometime in late 1960 following a tour of duty in the French Zone of Western Germany. Following a brief sojourn in Algeria, Source has been residing in Paris. Source, an affable individual, seldom will participate in a conversation concerning the Moslem population in Paris. Since the imposition of the PP's counter-terrorist measures, and the events involving his friends, namely the ( ), Source has become somewhat more talkative, but must be prompted on specific issues. He refuses to discuss actual police methods used against Algerians who have been arrested, but readily admits that they are not pleasant. His opinions are based upon comments made to him by some of his associates.

(b)(7)(C) During a previous conversation with Source, this Agent mentioned that the elder of the ( ) had queried this Agent as to the proper channels he could go through to seek immigration to Canada. Source replied that he was not surprised at ( ) question, as ( ) had suffered considerable harrassment from the police. Source would not amplify this comment any further. This Agent then mentioned to Source, that following a 70 hour period of confinement by the French police, the younger of the ( ) brothers showed evidence of animosity against both the police and the French people, exclaiming at length, that even though a Moslem by religion, he was a French citizen first, saw service in their Army and pays them taxes, and as such he should be equally respected as any other Frenchmen. Source replied that this is rapidly becoming the opinion of a vast majority of the Algerians in France, and because of this, many Algerians who in the past had not openly manifested against the French authority, may do so in the near future. Dear Mr. Young

This is in response to your April 16, 2001 Freedom of Information Act (FOIA) request that you originally submitted to the Department of the Army. Information originated by the Air Force Office of Special Investigations was found in that agency's files. Their letter, transmitting your request and the documents in question was referred to us for a review and release determination. AFOSI FOIA # 1103 was assigned to your request.

Portions of the information requested are exempt from disclosure to you. We have inserted notations in the attached documents to identify the portions deleted and the reasons therefore. The notations are explained as follows:

a. "b6" pertains to information contained in personnel and medical files or similar records. This includes social security account numbers, names, home and duty addresses of military personnel, administrative information, and personal information of others. This information is withheld as release would constitute a clearly unwarranted invasion of personal privacy. The authority for this exemption may be found in the United States Code, Title 5, Section 552(b)(6).

b. "b7C" pertains to information, which if disclosed to the public, could reasonably be expected to result in an unwarranted invasion of personal privacy. We also withheld the names of our Special Agents so that they would not be subject to harassment and annoyance in the conduct of their official duties and to increase their security in later assignments. The authority for this exemption may be found in the United States Code Title 5, Section 552(b)(7)(C).

c. "b7D" pertains to information, which if revealed, could reasonably be expected to disclose the identity of a confidential source or information furnished by a confidential source in the course of a criminal investigation. The authority for this exemption may be found in the United States Code, Title 5, Section 552(b)(7)(D).

Should you decide that an appeal to this decision is necessary, you must write to the Secretary of the Air Force within 60 days from the date of this letter. Include in the appeal your reasons for reconsideration and attach a copy of this letter. Your letter and envelope should be clearly marked "Freedom of Information Act Appeal." Address your letter as follows:
