## Guccifer 2.0 hacked DCCC

Hi all!

It's time for new revelations now. All of you may have heard about the DCCC hack. As you see I wasn't wasting my time! It was even easier than in the case of the DNC breach.

As you see the U.S. presidential elections are becoming a farce, a big political performance where the voters are far from playing the leading role. Everything is being settled behind the scenes as it was with Bernie Sanders.

I wonder what happened to the true democracy, to the equal opportunities, the things we love the United States for. The big money bags are fighting for power today. They are lying constantly and don't keep their word. The MSM are producing tons of propaganda hiding the real stuff behind it. But I do believe that people have right to know what's going on inside the election process in fact.

To make a long story short, here are some DCCC docs from their server. Make use of them.

Special thanks to Nirali Amin for the list of passwords.

By the way, the complexity of the passwords leaves much to be desired.

Here are more docs from the DCCC server.

# FL-18 Campaign Overview

APRIL 8, 2016

## DISTRICT SUMMARY

### THE CANDIDATES

#### *Randy Perkins (D)*

Randy Perkins is the owner and CEO of AshBritt. In 1992, Hurricane Andrew hit South Florida with Category 5 winds, uprooting lives, leaving many families displaced, and causing catastrophic damage. To meet these critical needs, Randy's company expanded to include cleanup of damaged communities devastated by the storm. He called the company AshBritt, named for his two eldest daughters: Ashley and Brittany.

Today, AshBritt is one of the nation's leading disaster recovery companies, chosen by the United States Army Corp of Engineers as a partner to provide disaster response and recovery in Florida and around the country. AshBritt has executed more than 200 disaster recovery missions and multiple special environmental projects – serving hundreds of clients in Florida and across the country, and helping American communities recover so they can rebuild following disaster.

#### *Jonathan Chane (D)*

Jonathan is a father, community leader, and an advocate for people in South Florida. In addition to his work as an attorney at Domnick Cunningham & Whalen, Jonathan's commitment and passion has been grounded in community service. He is president of the Board of Trustees of Temple Judea in Palm Beach Gardens and is active in the ARC of Palm Beach County and the Jewish Federation of Palm Beach County. He also volunteers his time providing pro bono representation to children and young adults who are aging out of the Palm Beach County foster care program and Holocaust ghetto survivors obtaining reparations from the German government. Jonathan and his wife, Christina, live in North Palm Beach with their three children.

#### *Brian Mast (R)*

Brian Mast was raised in the middle class home of James Mast and Timoxena Trujillo in Western Michigan. Brian's parents instilled in him the necessary work ethic and deeply rooted American values that brought him success during his career in the U.S. military.

Brian's father first served in the armed forces during the Korean War as a soldier in the U.S. Army, as did his uncles, all who served their country in different branches of the U.S. military.

Can you hack the Clinton Foundation? Investigation is on the way but wont be over by November. If Hillary wins, they will have to arrest her at the White House

Who are these journalists you speak of?

Might as well just forward to Wikileaks, Intercept, Shadowproof & Heavy.

...and be done with it. The rest will only be interested in one thing... how they can portray you as being Russian state sponsored (eg. the use of elite VPN when emailing them last time was the big story from the MSM press – they didn't give a shit about publishing and covering the actual evidence).
