information intended for use only by Nour.**

1.0 Introduction

ProEnergy Services International, Inc. (“ProEnergy”) is pleased to provide this proposal to Nour Energy / Nour Communication (“Nour”) for 2xLM 2500 and 2 x Frame 6B Equipment Assessment located at the Al Hamra and Al Ghail power plants located in the United Arab Emirates.

ProEnergy will provide one (1) Assessment Specialist to work under the direction, control and supervision of Nour. Manpower supplied under this proposal will be at the time and materials rate included below.

2.0 Pricing

The scope of work will be an inspection of the 2 x LM 2500 and 2 x Frame 6B units including a borescope inspection of the major friction points including both the turbines and generator bearings.

3.0 Pricing

3.1 Billing Rate

The rate noted in table 1 will be invoiced for every hour worked for each ProEnergy employee.

Table 1

Position	Billing Rate/Hour
Assessment Specialist	\$170.00

3.2 Mobilization/Demobilization

Reasonable travel expenses associated with mobilization and demobilization including round-trip business-class airfare, tolls, lodging, meals (up to \$35.00 per day, receipts not required), duties, and other reasonable charges as a result of this international travel will be invoiced from the ProEnergy employee’s original point of origin to the project site and demobilization to the ProEnergy employee’s original point of origin upon assignment completion.

3.3 Local Living Expenses

Upon arrival at the site, local living expenses incurred for hotel, meals (up to \$35.00 per day, receipts not required), laundry (up to \$25.00 per week, receipts not required), local transportation and associated costs will be invoiced for the duration of the project.

3.4 Administration

The rates noted above include all U.S. taxes, insurance, and benefits associated with the labor, but do not include any taxes, duties or fees required from entry and exit from the United Arab Emirates. All expenses incurred for mobilization, demobilization and local living expenses will be invoiced at cost plus 10%.

4.0 Term of Project

The start date for this activity is to be determined by Nour. The duration of the assignment will include the days to perform the assessment at the site plus time to prepare the report.

5.0 Terms & Conditions

This proposal shall be valid until December 31, 2010; provided, however, the obligation to treat this proposal as confidential, and that it cannot be shared with any third party without the prior written consent of ProEnergy, shall survive.

This proposal, and any resulting contract or agreement, shall be subject to the terms and conditions set forth in the attached Supplemental Terms.

Attachment A Supplemental Terms

These Supplemental Terms complement and are included as part of ProEnergy's Proposal No. 110-3961 dated November 5, 2010, to Nour and would be included in any resulting Contract:

1. Terms obligating ProEnergy to accept pre-existing site conditions and drawing specifications shall only apply in the event ProEnergy has actually been to the sight or inspected the drawings prior to commencement of the work.
2. For invoice payments not received by ProEnergy within 30 days from the date of receipt, a late fee of the lesser of 1 ½ % per month or the highest rate allow by applicable law may be assessed. If Client fails to timely make payment ProEnergy may also suspend or terminate performance of any and all of its work.
3. No retainage will apply in the event ProEnergy is required to post a performance bond. In no event shall retainage exceed 10% of each invoiced amount.
4. Any prohibition on placing a lien on the project by ProEnergy shall be subject to Client fulfilling its payment obligations under the Contract.
5. The parties shall indemnify, defend and hold one other harmless from and against any and all liabilities, claims, demands, suits, losses, damages, costs and expenses (including reasonable attorney fees and court costs) for bodily injury to or death of any third person, or damage to or destruction of any property of third party, caused by any negligent act or omission on the part of the indemnifying party its officers, employees, contractors or agents, except to the extent such liabilities, claims, suits, losses, damages, costs and expenses result from any negligent or willful act or omission on the part of the indemnified party, its officers, employees, contractors or agents.
6. ProEnergy's obligation to indemnify and protect Client against infringement of third party intellectual property rights is subject to: (i) ProEnergy's right to settle or defend such claim or seek the right of continued use or modify or replace the infringing work, (ii) only work which is otherwise not provided according to Client's design or instructions, (iii) the work being used by Client for its intended use under the Contract, and (iv) any work not manufactured or developed directly by ProEnergy will be limited only to the indemnity, if any, of the manufacturer or vendor of said work.
7. ProEnergy shall not be responsible or liable for delays in performance of its obligations under the Contract due to any event of force majeure or any other cause beyond its reasonable control.
8. ProEnergy warrants that its work shall be performed in a competent, diligent and workmanlike manner, of good quality and material, and in compliance with any mutually agreed written instructions or specifications. ProEnergy's work shall be warranted for a period of one (1) year from the date of completing the work. Any repairs or replacements made to ProEnergy's work during the warranty period shall be warranted for the remainder of the original warranty term or 90 days, whichever is longer. This provision sets forth the exclusive remedies for all claims based on failure of or defect in the ProEnergy's work provided under the Contract whether the failure arises before, during or after the warranty period and whether said claim is based on contract, indemnity, warranty, tort (including negligence), strict

liability or otherwise. **NO IMPLIED, STATUTORY, OR COMMON LAW WARRANTY OF ANY KIND, INCLUDING MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, SHALL APPLY.** The duties, liabilities and obligations of ProEnergy do not extend to any repairs, adjustments, alterations, replacements or maintenance that may be required as a result of normal wear and tear, normal degradation in the performance of equipment, or as a result of (a) improper repair or alteration by Client or other persons, (b) misuse, negligence or damage by Client or other persons, (c) excessive operation at peak capacity, frequent starting, type of fuel, detrimental air inlet conditions, or erosion, corrosion or material deposit of fluids. The warranty and remedies are further conditioned upon (i) the proper storage, installation, operation and maintenance of the equipment and conformance with the operation and instruction manuals provided by the suppliers and manufacturers and (ii) repair or modification pursuant to the instructions of the suppliers and manufacturers and as otherwise directed by ProEnergy.

9. Care, custody, control and risk of loss for the work of ProEnergy shall pass to Client upon the earlier of when the work is completed or when it is taken over and used by Client.

10. The total liability of ProEnergy for all claims of any kind, whether based on contract, warranty, tort (including negligence), indemnity, strict liability or otherwise, for any loss or damage arising out of, connected with, or resulting from the Contract or its work shall in no case exceed the total contract price for the work giving rise to such claim plus any insurance proceeds recovered under the coverages furnished by ProEnergy under the Contract. Notwithstanding anything in the Contract or at law to the contrary, ProEnergy shall in no event be liable for exemplary, special, incidental, indirect or consequential damages of any kind including, but not limited to, loss of use, profits or revenue. ProEnergy shall have no liability for its competent performance of instructions given by Client or its personnel or representatives in the event such instructions prove to be defective.

11. ProEnergy will be given at least 10 days advance written notice and an opportunity to cure before Client may terminate the Contract for a breach of any material term of the Contract by ProEnergy.

12. In the event ProEnergy agrees to the payment of liquidated damages (LDs) for unexcused shortfalls in any guaranteed performance or delays in any guaranteed completion date(s) then (i) the payment of LDs shall be Client's exclusive remedy (ii) the total amount of LDs shall not exceed 10% of the total contract price unless otherwise agreed, and (iii) a corresponding bonus shall be paid by Client to ProEnergy in the event of better than guaranteed performance or early completion by ProEnergy.

13. Any dispute which cannot be settled amicably between the parties under the Contract will be submitted to binding and final arbitration under the Rules of the American Arbitration Association and such proceeding will be held in a mutually agreeable location.

14. ProEnergy is not responsible for furnishing any performance bonds and builder's risk or professional liability insurance unless specifically included in its proposal and proposal price.
