Subject: Quotation of MCU  
Ref. Proposal P005

Dear Sir:

We kindly put under your consideration our proposal for one integrated cogeneration equipment (MCU).

The technical and descriptive characteristics of the unit are sent in attached file (Proposal P005) with the purpose that you confirm the advantages offered by our MCU as operational autonomy and reliability. Its short delivery time joined to its ability and rapidity to reach its placement allow to the unit be and attractive option to solve necessities of self and reliability supply further to its high combined heat and power efficiency.

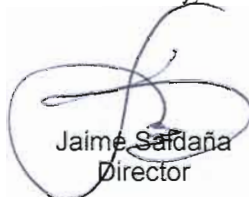

Nowadays we are in possibility to supply the first unit in 10 weeks since purchase order and down payment date arrival. In case you require a second unit, this can be delivered 5 weeks later.

If you require more units we can negotiate the delivery time trying to adjust it to your necessities.

The price of each module described in the proposal, Ex-Works Tulsa, OK is 1,620,000 USD (50 Hz option) with one year of warranty.

Thank you for considering our equipments, we would be pleased to satisfy any questions you may have regarding this proposal.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jaime Saiz", written over a circular stamp.
