Dear Commissioner Rebholz:

The New York City Office of Environmental Remediation (OER) has reviewed the May 2015, David R. Good, P.E.-certified project description and plans for the above referenced site. OER has also received the Construction Health and Safety Plan. These documents were submitted on behalf of Amtrust Realty, LLC for **Support of Excavation (SOE) Work (Only) related to the above referenced DOB Job No. To date, the Noise and Air Quality “E” designation requirements have yet to be met. As a result, this notice does NOT apply to any superstructure work associated with DOB Job No. 121187143 -NB.** In conjunction with the NYC Department of City Planning CEQR review for the Hudson Yards Rezoning (CEQR # 03DCP031M), “E” Designation for Hazardous Materials, Air Quality, and Noise (E-137) were assigned to the subject parcel.

Based on review of the submitted documentation, **OER has no objection to the applicant completing Support of Excavation (SOE) (only)** work associated with the above reference DOB number. OER will continue to review supporting Noise and Hazardous Materials “E” requirement documentation in the coming weeks prior to issuing a Notice to Proceed for site-wide development under the above referenced DOB Job No. 121187143 -NB.

If you have any questions or comments, please contact me at 212-676-4925.

Sincerely,

A handwritten signature in blue ink, appearing to read "M. Bertini".
